## Convenient 12 Paks Of The Most Useable Sizes For Scope Mounting Applications

Refill your Leupold factory screw kit or keep these extra-strong, heat-treated screws on hand for your customers and yourself. We've put together the most requested screw sizes in money-saving 12 Paks so it's easier to convert existing rings and bases to Torx head without having to buy more than you need. These are the same screws used by Leupold but will fit many other brands of rings and bases.

# LEUPOLD TORX SCREWS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing LEUPOLD Torx Screws. These screws are designed for use in various applications, particularly for securing bases. This guide provides essential safety instructions to ensure the safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep the screws out of reach of children to prevent accidental injury or misuse.
- Inspect the screws before use to ensure they are free from defects or damage.
- Use the screws only for their intended purpose as specified in this guide.
- In case of any accidents or unsafe conditions, report them to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the Torx screwdriver used matches the size of the Torx screws to prevent stripping.
- Do not overtighten the screws as this may lead to breakage or damage to the material being fastened.
- Wear appropriate safety gear, such as safety glasses, when installing screws to protect against debris.
- Always ensure that the surface where the screws are being installed is stable and secure.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a compatible Torx screwdriver.
- Ensure the work area is clean and organized to avoid accidents.

### 2. Installation Steps:

- Align the screw with the designated hole on the surface.
- Insert the screw into the hole, using your fingers to hold it in place initially.
- Using the Torx screwdriver, turn the screw clockwise until it is snug. Avoid overtightening.
- Repeat the process for all screws required for your project.

### 3. PostInstallation:

- After installation, check that all screws are secure.
- Dispose of any packaging materials responsibly.

## Disposal Instructions

- Dispose of any unused screws and packaging in accordance with local waste disposal regulations.
- Ensure that screws are kept out of reach of children during disposal.

## Contact Information for Further Support

For any questions or concerns regarding the safety and use of LEUPOLD Torx Screws, please refer to the appropriate contact points as indicated on the product packaging or your purchase receipt.

This safety instruction guide is designed to help you use the LEUPOLD Torx Screws safely and effectively. Follow these guidelines to ensure a secure installation and minimize risks. Thank you for your attention to safety!
