

LEUPOLD TORX SCREWS - BROWNELLS TORX HEAD BASE SCREWS, 6-48 THREAD, .280" LENGTH, SS

[Gunsmith Tools](#) > [Sight & Scope Installation Tools](#) > [Replacement Sight Screws](#)

Convenient 12 Paks Of The Most Useable Sizes For Scope Mounting Applications

Refill your Leupold factory screw kit or keep these extra-strong, heat-treated screws on hand for your customers and yourself. We've put together the most requested screw sizes in money-saving 12 Paks so it's easier to convert existing rings and bases to Torx head without having to buy more than you need. These are the same screws used by Leupold but will fit many other brands of rings and bases.

Safety Instruction Guide for LEUPOLD TORX SCREWS

Introduction

Thank you for choosing LEUPOLD TORX SCREWS. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the screws.

General Safety Guidelines

- Ensure that all tools and equipment used with the screws are in good condition and suitable for the task.
- Keep screws and all related tools out of reach of children.
- Inspect screws for damage before use. Do not use damaged screws.
- Follow all local regulations regarding the use and disposal of screws and other materials.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE) such as safety goggles and gloves when handling screws.
- Ensure that the area of use is clean and free of hazards to prevent accidents.
- Do not exceed the recommended torque specifications when installing screws to avoid stripping or damaging the material.
- Be cautious of sharp edges on screws; handle with care to avoid cuts.
- If using screws in firearms or similar applications, ensure that the firearm is unloaded and safe before beginning work.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a Torx screwdriver compatible with the screw size.
- Ensure the work area is welllit and organized.

2. Installation:

- Align the screw with the predrilled hole in the base or ring.
- Insert the screw into the hole.
- Using the Torx screwdriver, turn the screw clockwise until it is snug. Do not overtighten.
- If applicable, repeat the process for additional screws.

3. PostInstallation:

- After installation, doublecheck that all screws are securely fastened.
- Ensure that there are no loose parts that could lead to malfunction or injury.

Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local regulations.
- Do not dispose of screws in regular household waste if they are considered hazardous in your area. Check local guidelines for disposal of metal products.

Contact Information for Further Support

For any questions or concerns regarding the use of LEUPOLD TORX SCREWS, please refer to the manufacturer's website or contact the retailer where you purchased the product.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our priority.
