Shouldered Beads Screw To The Right Height Every Time; Popluar Sizes In Brass & Stainless Steel

Brownells Shotgun Sight Kit "C" is a must have for any gunsmith or sporting goods store looking to save valuable time and really please their customers. We have taken everything that's great about our Shotgun Sight Kits "A" and "B" - like their unparalleled selection of high-quality and size-popular sight beads - and added a special feature to make the beads in Kit "C" fast, easy, and convenient to install . . . every time. Every sight bead in Shotgun Sight Kit "C" has the advantage of skirted shoulders. What this means to you, the professional gunsmith or the sporting goods store owner, is you'll never have to get out your mike or calipers again to ensure you've installed the sight to its proper height. No more guesswork either! Because when the skirted shoulder reaches the barrel, it provides a positive stop that lets you know the sight is at its optimum height. Every sight from Shotgun Sight Kit "C" installs with fool-proof ease - saving you both valuable shop time and, even more important, the nightmare of upsetting a valuable customer. Not only will customers be pleased with the installation you do, they'll also love the huge selection of sizes and styles from which to choose. We selected the most popular sizes from our Shotgun Sight Kits "A" and "B", because we know that's what your customers will come in and ask you for. Plus, we know how important it is to offer different styles to please as many shooters as possible. That's why Kit "C" offers each size bead in both Gold and White. It provides the perfect selection; Gold brass for a classy, traditional look many shotgun owners are partial to and White stainless steel for a sight bead so strong it even stands up to hot bluing. Thread sizes include 3-56 and 6-48 with bead diameters of .067", .130", and .175" to give your customers the choice of small, medium and large beads. Also, for easy storage and quick identification, we've followed the same, convenient layout of Kits "A" and "B" to make it as simple as possible to find the sight you need. Kit "C's" plastic counter case is divided into eight compartments to keep the beads organized and right at your fingertips. Plus, if you put this great-looking kit on your counter for your customers to see, it's a great way to create more business by reminding people to replace broken or damaged sight beads. Brownells Shotgun Sight Kit "C" is everything you've been looking for; a huge selection, superb quality, and now the convenience of skirted shoulders. Order this time-saving, customer-pleasing kit today and enjoy the speed, precision, and ease with which each of these sights installs. Refill Sights for Kit "C" - Refills for the Shotgun Sight Kit "C" are single or 10-pak of sights of one number.

Safety Instruction Guide for Brownells Shotgun Sight Bead Kit "C"

Introduction

Thank you for choosing the Brownells Shotgun Sight Bead Kit "C". This guide provides important safety information, installation instructions, and usage guidelines to ensure safe and effective use of the product. Please read this guide carefully before using the kit.

General Safety Guidelines

- Always ensure you are using the product in accordance with the manufacturer's instructions.
- Inspect the product for any visible damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as safety glasses when installing or handling sight beads.
- Be aware of your surroundings and ensure that you are in a safe environment when using the product.
- If you experience any discomfort or adverse reactions while using the product, discontinue use immediately and seek medical attention if necessary.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or adjusting the sight beads.
- Use the correct tools as specified in the installation instructions to avoid damaging the product or the firearm.
- Avoid excessive force during installation to prevent damage to the sight or firearm.
- Do not modify the sight beads or use them for any purpose other than intended.
- Be cautious of sharp edges on the sight beads and handle with care.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a screwdriver or wrench as required.
- Ensure the work area is clean and free from distractions.

2. Installation:

- Identify the appropriate sight bead size based on the customer's preference and the firearm specifications.
- Carefully remove the old sight bead, if applicable, using the appropriate tool.
- Align the new sight bead with the mounting hole on the firearm.
- Gently screw the sight bead into place until it is securely fastened. The skirted shoulder should reach the barrel for optimal height.
- Doublecheck the installation to ensure the sight bead is properly aligned and secure.

3. Usage:

- Once installed, test the sight bead for stability and proper alignment before using the firearm.
- Regularly check the sight bead for any signs of wear or damage.

Disposal Instructions

- Dispose of any unused or damaged sight beads in accordance with local waste disposal regulations.
- Do not dispose of the product in household waste. Instead, consider recycling options if available.

Contact Information for Further Support

For any inquiries or further assistance regarding the Brownells Shotgun Sight Bead Kit "C", please refer to the contact information provided by the retailer or manufacturer.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the Brownells Shotgun Sight Bead Kit "C". Thank you for prioritizing safety and quality in your firearm maintenance.
