Cross-Slot System Provides Solid, Versatile Mounting On Tactical & Sporting Rifles

Brownells Mauser 98 picatinny scope bases provide a rugged, one piece design provides a rock-solid base for scope rings with greater flexibility than traditional ring-and-base systems. Slots cut to true MIL-STD 1913 specs accept both Picatinny and many Weaver-style rings to increase your scope-mounting options on both tactical and sporting rifles. Easily alter the spacing between the rings to accommodate different-length scope bodies, and adjust eye relief to fit the specific needs of each shooter. Installs quickly using factory drilled scope base holes and screws—no drilling and tapping on most guns.

Underside of base is cut out to accommodate receivers with right- or left-hand ejection ports. Aluminum models machined from 6061 T6 billet for maximum weight reduction. Matte, black, anodized finish blends with most factory finishes.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Always use the factory drilled holes and screws provided with the scope base.
 - Ensure that the scope base is securely attached to the rifle before use.
- **Usage Safety:**
 - Do not attempt to modify or alter the scope base in any way.
 - Ensure that the scope rings are properly fitted and tightened to prevent scope movement.
- **Handling Safety:**
 - Always treat firearms as if they are loaded.
 - Keep the muzzle pointed in a safe direction at all times.
- **Storage Safety:**
 - Store the rifle and scope base in a secure location when not in use.
 - Avoid exposing the scope base to extreme temperatures or moisture.

Instructions for Installation and Usage

1. Installation:

- Begin by ensuring that the rifle is unloaded and pointed in a safe direction.
- Locate the factory drilled scope base holes on the rifle receiver.
- Align the MAUSER 98 Picatinny Scope Base with the drilled holes.
- Using the screws provided, securely attach the scope base to the rifle. Ensure that all screws are tightened without overtorquing.
- Check the alignment and stability of the base before proceeding to attach the scope.

2. Usage:

- Select the appropriate scope rings compatible with both Picatinny and Weaverstyle mounts.
- Attach the scope to the mounted base, adjusting the spacing between the rings as needed to fit the scope body.
- Adjust the eye relief to suit your shooting position and comfort.
- Perform a final check to ensure that all components are securely attached before use.

Disposal Instructions

- Dispose of the scope base in accordance with local regulations.
- Do not dispose of the product in household waste.
- If applicable, recycle the aluminum material through appropriate recycling channels.
