# SWK/L/N202 PROSPRING KIT Safety Instructions

## Introduction

Thank you for choosing the SWK/L/N202 ProSpring Kit for S&W K, L, N Frame Revolver. This guide provides important safety information and instructions to help ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always handle the product with care to avoid accidents and injuries.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any defects or malfunctions, discontinue use immediately and seek assistance.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform to ensure the product is safe for use.

## Specific Safety Precautions for Use

- Use only with compatible S&W K, L, N frame revolvers to ensure proper functionality.
- Handle all springs and components with care to prevent injury from sharp edges or sudden releases of tension.
- Wear appropriate safety gear, including safety glasses and gloves, when installing or handling the springs.
- Do not modify the springs or components as this may lead to unsafe conditions.
- Ensure that the firearm is unloaded and pointed in a safe direction before installation.
- Follow all local laws and regulations regarding firearm modifications and safety.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and in a safe condition.
- Gather necessary tools, including screwdrivers and pliers.

### 2. Installation:

- Remove the grip of the revolver to access the mainspring housing.
- Carefully remove the existing mainspring and rebound springs from the housing.
- Install the Power Rib mainspring included in the kit, ensuring it is seated properly.
- Select the appropriate rebound spring (13 lb., 14 lb., or 15 lb.) based on your desired pull weight and install it in the housing.
- Reassemble the grip of the revolver, ensuring all components are securely fastened.

### 3. Usage:

- After installation, perform a function check to ensure the revolver operates correctly.
- Test the trigger pull and ensure it meets your preferences.
- Regularly maintain and clean the revolver to ensure smooth operation.

## **Disposal Instructions**

- Dispose of any old springs and components in accordance with local waste disposal regulations.
- Do not dispose of the product in household waste. Instead, contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the SWK/L/N202 ProSpring Kit, please reach out to the designated EU contact point provided with your product packaging.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your SWK/L/N202 ProSpring Kit. Thank you for your attention to these important safety guidelines.
