

BARREL VISE BUSHINGS - BROWNELLS #12 & #13 M14/GARAND ALUMINUM BARREL VISE BUSHING

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Vise Accessories](#)

Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

Aluminum, split barrel bushings come in eight different hole sizes and one, special, pre-machined bushing to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service, plus have the necessary clamping power to break loose the tightest barrels. Aluminium Bushings give exceptional holding ability without marking your barrel. Solid Bushings - Solid bushings that have NOT been split so you can alter them as you want.

Safety Instruction Guide for BARREL VISE BUSHINGS BROWNELLS #12 & #13 M14/GARAND ALUMINUM BARREL VISE BUSHING

Introduction

Thank you for choosing the BARREL VISE BUSHINGS BROWNELLS #12 & #13. This guide provides essential safety instructions to ensure the safe use and handling of the product. Please read this guide carefully before using the bushings.

General Safety Guidelines

- Ensure that the product is used for its intended purpose as specified.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the bushings.
- Keep the work area clean, welllit, and free of clutter to prevent accidents.
- Do not use the bushings if they are damaged or worn. Inspect them regularly for any signs of wear or damage.
- Store the bushings in a safe place, out of reach of children and pets.
- Follow all local regulations regarding the use and disposal of tools and materials.

Specific Safety Precautions for Use

- Only use the bushings with compatible barrel sizes as specified in the product specifications.
- Avoid using excessive force when securing the barrel in the vise to prevent damage to both the barrel and the bushing.
- Ensure that the bushing is properly seated and aligned before applying any pressure.
- Do not exceed the manufacturer's recommended torque settings when tightening the vise.
- If you experience any unusual noises or resistance during use, stop immediately and inspect the setup before proceeding.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment before starting.
- Ensure that the work surface is stable and secure.

2. Installation:

- Select the appropriate bushing (either #12 or #13) based on the barrel size.
- Place the bushing into the barrel vise, ensuring it fits snugly.
- Align the barrel with the bushing, ensuring that it is seated properly.

3. Usage:

- Gradually tighten the vise until the barrel is securely held in place.
- Monitor the alignment of the barrel during tightening to prevent misalignment.
- Once secured, proceed with your intended task, ensuring to maintain focus and control.

4. PostUse:

- After use, carefully release the pressure on the vise and remove the barrel.
- Clean the bushing and vise to remove any debris or residue.
- Store the bushings in a safe, dry location.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Recycle materials where possible, ensuring that any hazardous materials are handled according to local waste management guidelines.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the BARREL VISE BUSHINGS BROWNELLS #12 & #13, please refer to the manufacturer's official website or customer service.

By adhering to these safety guidelines and instructions, you can ensure a safe and efficient experience with your BARREL VISE BUSHINGS. Thank you for your attention to safety.
