

# STANDARD LINE NYLON RIFLE BORE BRUSHES - STANDARD LINE BRUSH, NYLON, .17 CALIBER RIFLE, 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

## Solvent Resisting Nylon

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall length: 3.27" (8.3cm) Threads: .17 and .20 caliber 5-40 threads, all others 8-32 thread.

# Safety Instruction Guide for STANDARD LINE NYLON RIFLE BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE NYLON RIFLE BORE BRUSHES. This guide provides essential safety instructions and usage guidelines to ensure safe and effective use of the product. It complies with the EU General Product Safety Regulation (GPSR) to protect consumers and provide clear information.

## General Safety Guidelines

- Always use the bore brushes as intended to avoid injury or damage.
- Keep all cleaning products and tools out of reach of children and vulnerable individuals.
- Inspect the bore brushes regularly for wear and damage. Discontinue use if any parts are broken or worn out.
- Follow all local laws and regulations regarding the use of firearms and cleaning tools.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The bore brushes may cause scratches if used improperly. Ensure that the brushes are suitable for your firearm's caliber.
  - Avoid using excessive force when cleaning to prevent damage to the firearm's bore.
- **Usage Instructions:**
  - Always ensure the firearm is unloaded before using the bore brush.
  - Use the correct caliber brush for your firearm to avoid potential damage.
  - Do not use the brushes on firearms that are not designed for them.

## Instructions for Installation and Usage

- **Installation:**
  - Attach the bore brush to the cleaning rod by screwing it firmly into place.
  - Ensure that the threads are aligned properly to avoid crossthreading.
- **Usage:**
  - Insert the bore brush into the bore of the firearm gently.
  - Pull the brush through the bore in a smooth motion, ensuring that it is not forced.
  - Repeat the process as needed, ensuring to clean the brush after use to maintain its effectiveness.
- **PostUse Care:**
  - Clean the bore brush after each use to prevent fouling buildup.
  - Store the brushes in a dry place, away from moisture and direct sunlight.

## Disposal Instructions

- Dispose of the bore brushes responsibly according to local waste disposal regulations.
- Do not dispose of the brushes in regular household waste if they are damaged or no longer usable.
- Consider recycling options where available.

## Contact Information for Further Support

- For any inquiries or concerns regarding the product, please consult the product packaging or your retailer for further assistance.

Thank you for following these safety guidelines. Your safety and satisfaction are our priority. Enjoy using your STANDARD LINE NYLON RIFLE BORE BRUSHES responsibly!
