Superior Scope-To-Ring Contact With A Slim-Line Look

HRT Series Rings, precisely machined from an alloy steel billet, with tolerances held to .0002", give maximum scope/ring contact. Holds scope securely against recoil. Four-screw cap lets you align the reticle, tighten the left side of the cap, then the right side without the scope rotating. Radiused edges and corners help prevent snagging while providing attractive appearance. Large, clamp-nut lets you torque rings to Weaver-type or Picatinny bases.

HRT Picatinny/Weaver Scope Rings Safety Instructions

Introduction

Thank you for choosing the HRT Picatinny/Weaver Scope Rings by TPS Products. These rings are designed for secure mounting of scopes on firearms, ensuring optimal performance and safety. This guide provides essential safety instructions and guidelines to ensure proper use and maintenance of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to securely mount a scope on a firearm.
- Always handle firearms and related equipment with care and in accordance with local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the scope rings for wear and damage. If any defects are found, discontinue use immediately.
- Store the product in a dry, safe place when not in use to prevent damage.

Specific Safety Precautions for Use

- Before installation, read the manufacturer's instructions carefully.
- Ensure that the firearm is unloaded before attaching or detaching the scope rings.
- Use appropriate tools when installing the scope rings to avoid damaging the product or the firearm.
- Do not exceed the recommended torque specifications when tightening the screws.
- Regularly check the alignment of the scope and the integrity of the rings after use, especially after heavy recoil or impact.
- If using the product in adverse weather conditions, ensure that it is properly maintained to prevent rust or corrosion.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools including a torque wrench and screwdrivers.
- Ensure the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Place the scope rings onto the Picatinny or Weaver base.
- Align the rings with the scope tube.
- Secure the rings using the provided screws:
 - Tighten the left side of the cap first.
 - Then tighten the right side to ensure the scope remains aligned and does not rotate.
- Use the torque wrench to apply the recommended torque to the screws (follow the manufacturer's specifications).

3. Usage:

- After installation, check the alignment of the scope and make any necessary adjustments.
- Ensure that the scope is secure before firing the firearm.

- Regularly inspect the scope rings during use to ensure they remain secure.

Disposal Instructions

- Dispose of the product responsibly in accordance with local regulations.
- Do not dispose of the product in household waste.
- If the product is damaged or no longer usable, consider recycling the metal components where possible.
