

AR-15 RAIL INTERFACE SYSTEM II - DANIEL DEFENSE RIS II HANDGUARD 12.25" FOR M4A1 BLACK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

A machined aluminum multi-rail handguard specifically designed for the Special Operations Command (SOCOM) M4A1 carbine, the RIS II enables installation of an M203 40mm grenade launcher, while allowing the barrel to free float. The M203 attaches to the bottom rail quickly and easily, without special tools or additional parts. Full-length, MIL-STD 1913 Picatinny rails provide plenty of space to add other mission-specific accessories as needed. Top rail is designed to mate continuously with the receiver rail. All models come with all required mounting hardware, instructions, and three molded polymer, snap-on rail covers. RIS II requires the installation of a low-profile gas block. FSP RIS II models have a cutout in the top rail that allows retention of the standard A2 gas block/front sight tower on a carbine-length gas system. MK 18 RIS II is specifically designed for an M4A1 carbine with Mk18 CQBR (Close Quarters Battle Receiver) upper receiver and 10.3" barrel. Provides barrel free-float and expanded accessory mounting options, while deleting M203 mounting capability. Requires low-profile gas block.

Attributes

- Name: [DANIEL DEFENSE RIS II HANDGUARD 12.25" FOR M4A1 BLACK](#)
- Manufacturer: [DANIEL DEFENSE](#)
- Product no.: 100005808
- Mfr. No.: 01-004-08001-006
- Colour: Black

Safety Instruction Guide for the AR15 Rail Interface System II Daniel Defense RIS II Handguard 12.25" for M4A1 Black

Introduction

Thank you for choosing the AR15 Rail Interface System II (RIS II) Handguard. This product is designed to enhance the functionality and versatility of your M4A1 carbine. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the product is installed correctly and securely before use.
- Regularly inspect the handguard and all mounted accessories for signs of wear or damage.
- Always follow the manufacturer's instructions for the installation and use of accessories.
- Use only compatible accessories with the RIS II handguard to prevent accidents or malfunctions.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents related to the product to the appropriate authorities.

Specific Safety Precautions for Use

• Installation Precautions:

- Use appropriate tools and follow the installation instructions provided.
- Ensure that the gas block is installed correctly to prevent gas leakage or failure.

• Operational Safety:

- Always treat your firearm as if it is loaded, even if you believe it is not.
- Ensure that the barrel is free of obstructions before firing.
- Avoid placing hands or body parts in front of the muzzle while the firearm is in use.

• Accessory Compatibility:

- Ensure that any accessories mounted on the handguard are securely fastened.
- Do not exceed the weight limit of the handguard as specified by the manufacturer.

• Environmental Considerations:

- Avoid exposing the handguard to extreme temperatures or harsh chemicals that may compromise its integrity.

Instructions for Installation and Usage

1. Installation:

- Gather all necessary tools before starting the installation.
- Remove the existing handguard from the M4A1 carbine.
- Install the lowprofile gas block as per the manufacturer's instructions.
- Align the RIS II handguard with the mounting points on the receiver.
- Securely fasten the handguard using the provided mounting hardware.
- Ensure that the top rail mates continuously with the receiver rail.

2. Usage:

- Once installed, verify that the handguard is securely attached before use.
- Attach any accessories as needed, ensuring they are compatible with the RIS II system.
- Regularly check the tightness of all mounted accessories during use.
- Follow all standard firearm safety practices when operating the M4A1 carbine.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations regarding metal and plastic waste.
- Do not burn the product, as it may release harmful fumes.
- If the product is damaged or no longer in use, consider recycling materials where possible.

Contact Information for Further Support

For any questions or concerns regarding the AR15 Rail Interface System II Handguard, please refer to the manufacturer's website or customer service for assistance.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the AR15 Rail Interface System II Handguard. Always prioritize safety and remain informed about best practices for firearm accessories. Thank you for your attention to these important guidelines.
