

# AR-15 RAIL INTERFACE SYSTEM II - DANIEL DEFENSE MK 18 RIS II HANDGUARD 9.55" FOR M4A1 FDE

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

A machined aluminum multi-rail handguard specifically designed for the Special Operations Command (SOCOM) M4A1 carbine, the RIS II enables installation of an M203 40mm grenade launcher, while allowing the barrel to free float. The M203 attaches to the bottom rail quickly and easily, without special tools or additional parts. Full-length, MIL-STD 1913 Picatinny rails provide plenty of space to add other mission-specific accessories as needed. Top rail is designed to mate continuously with the receiver rail. All models come with all required mounting hardware, instructions, and three molded polymer, snap-on rail covers. RIS II requires the installation of a low-profile gas block. FSP RIS II models have a cutout in the top rail that allows retention of the standard A2 gas block/front sight tower on a carbine-length gas system. MK 18 RIS II is specifically designed for an M4A1 carbine with Mk18 CQBR (Close Quarters Battle Receiver) upper receiver and 10.3" barrel. Provides barrel free-float and expanded accessory mounting options, while deleting M203 mounting capability. Requires low-profile gas block.

## Attributes

- Name: [DANIEL DEFENSE MK 18 RIS II HANDGUARD 9.55" FOR M4A1 FDE](#)
- Manufacturer: [DANIEL DEFENSE](#)
- Product no.: 100006163
- Mfr. No.: 01-004-08020-011
- Colour: Dark Earth
- Length: 9.55
- Material: Aluminum
- Style: Carbine, Free Float
- Type: -
- Weapon type: AR-15
- Delivery weight: 0.726kg
- Shipping height: 97mm
- Shipping width: 104mm
- Shipping length: 295mm
- UPC: 852548002813

## Item details

Made in USA

US export classification: 0A501.y.1

# Safety Instruction Guide for AR15 Rail Interface System II Daniel Defense MK 18 RIS II Handguard 9.55"

## Introduction

Thank you for choosing the AR15 Rail Interface System II Daniel Defense MK 18 RIS II Handguard. This guide is designed to provide you with essential safety instructions and usage guidelines to ensure safe and effective operation of your handguard. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the handguard is compatible with your firearm model before installation.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the handguard and all related accessories out of reach of children and unauthorized users.
- Inspect the handguard regularly for any signs of wear or damage. Do not use if damaged.
- Use appropriate personal protective equipment (PPE) when handling or installing the handguard.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Installation of the handguard requires a lowprofile gas block. Ensure proper installation to avoid gas block failure.
- The handguard is designed for use with the M4A1 carbine and should not be used with incompatible firearms.
- Do not exceed the manufacturer's recommended weight limit for accessories mounted on the handguard.
- When attaching accessories, ensure that they are securely fastened to prevent accidental detachment during use.
- Avoid using the handguard in extreme conditions (e.g., excessive heat, moisture) that may affect its performance.
- If using an M203 grenade launcher, ensure it is properly attached and that you are trained in its use.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and components before starting the installation.
- Ensure the firearm is unloaded and in a safe condition.

### 2. Installation

- Remove the existing handguard from your M4A1 carbine.
- Install the lowprofile gas block according to the manufacturer's instructions.
- Align the RIS II handguard with the mounting points on your firearm.
- Secure the handguard using the provided mounting hardware, ensuring all screws are tightened to the manufacturer's specifications.

### 3. Usage

- Once installed, check the handguard for stability and ensure it is securely mounted.
- Attach any accessories to the Picatinny rails as needed, ensuring they are properly secured.

- Perform a function check of your firearm to ensure proper operation with the new handguard installed.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the handguard is damaged beyond repair, contact your local waste management facility for proper disposal methods.
- Do not dispose of the handguard in regular household waste if it contains hazardous materials.

## **Contact Information for Further Support**

For additional support or safety inquiries, please refer to the manufacturer's website or contact your local dealer.

Thank you for your attention to these safety instructions. Enjoy your new AR15 Rail Interface System II Daniel Defense MK 18 RIS II Handguard!
