

# CLASSIC BULLET SIZING KIT - LEE PRECISION 0.452" DIAMETER CLASSIC BULLET SIZING KIT

[Reloading](#) > [Bullet Casting](#) > [Lube & Sizer Dies](#)

Lee Bullet Sizing Kits are the fastest and easiest way to size cast bullets. Standard 7-8x14" threads fit any single stage reloading press. Bullets are pushed through the sizing die nose first, so no special nose punches are needed. Gas checks are automatically seated and crimped in place. Sized bullets are captured in the special container. Complete for one size. Press and bullet lubricant are sold separately. Special note: Intended for use on single stage presses only. The push through Punch is used in place of a Shell Holder in the Ram. Lee does not make top punches for molds. With the use of this kit, a top punch is not necessary. To crimp gas checks with the lube and size kit, first lubricate the bullets with liquid alox, push a gas check on the base of the bullet and set the bullet on the punch. When the bullet is pushed through the sizing die, the bullet will be sized, and the gas check will be crimped on. For cast bullets, you want to select a sizing kit to be .001" larger than groove diameter.

## Attributes

- Name: [LEE PRECISION 0.452" DIAMETER CLASSIC BULLET SIZING KIT](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100010171
- Mfr. No.: 90055
- Diameter (in): 0.452
- Delivery weight: 0.318kg
- Shipping height: 140mm
- Shipping width: 81mm
- Shipping length: 81mm
- UPC: 734307900557

# CLASSIC BULLET SIZING KIT SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the CLASSIC BULLET SIZING KIT by Lee Precision. This guide provides essential safety information and instructions for the proper use of the product. Please read this guide carefully to ensure safe and effective operation.

## General Safety Guidelines

To ensure the safe use of the CLASSIC BULLET SIZING KIT, please adhere to the following guidelines:

- Always read and understand the product instructions before use.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the kit for any damage before use. Do not use if damaged.
- Use the kit only for its intended purpose as described in this guide.
- Wear appropriate safety gear such as safety glasses and gloves when using the kit.
- Ensure your work area is clean, welllit, and free from obstructions.
- Do not attempt to modify or repair the kit yourself. Seek professional assistance if needed.

## Specific Safety Precautions for Use

When using the CLASSIC BULLET SIZING KIT, please observe the following precautions:

- This kit is intended for use on single stage presses only. Do not use it with other types of presses.
- Ensure that the sizing die is securely attached to the reloading press before use.
- Always lubricate bullets with liquid alox before sizing to prevent sticking.
- When inserting the bullet into the sizing die, do so nose first to avoid damage.
- Be cautious when handling gas checks. They can be sharp and may cause injury.
- Do not exceed the recommended sizing diameter of .001" larger than the groove diameter of the bullet.
- Follow instructions carefully when crimping gas checks to ensure proper seating.

## Instructions for Installation and Usage

Follow these steps for the correct installation and usage of your CLASSIC BULLET SIZING KIT:

### 1. Setup:

- Secure the reloading press to a stable work surface.
- Attach the sizing die to the press using standard 78x14" threads.
- Ensure the die is tight and secure.

### 2. Preparation:

- Clean the bullets to remove any debris or contaminants.
- Apply a thin layer of liquid alox to the bullets for lubrication.

### 3. Sizing Process:

- Place a gas check onto the base of the bullet.
- Position the bullet on the pushthrough punch.
- Pull the handle of the reloading press to push the bullet through the sizing die.
- Check that the bullet is sized correctly and that the gas check is crimped in place.

#### 4. PostUse:

- Remove sized bullets from the special container.
- Clean the sizing die and press after use to maintain performance.

## Disposal Instructions

When disposing of the CLASSIC BULLET SIZING KIT or its components, please follow these guidelines:

- Dispose of the product in accordance with local regulations.
- Do not place the product in regular household waste if it contains hazardous materials.
- Recycle materials when possible.

## Contact Information for Further Support

For any inquiries regarding safety or usage of the CLASSIC BULLET SIZING KIT, please consult the manufacturer's website or contact the customer support team for assistance. Ensure to have your product information ready for reference.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the CLASSIC BULLET SIZING KIT. Thank you for your attention to safety.
