

300 AAC BLACKOUT BRASS CASE - 300 AAC BLACKOUT BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Hornady unprimed brass features tight tolerances, uniform concentricity, consistent weight and capacity. Their manufacturing processes ensure consistent bullet seating and uniform bullet release for optimal velocity and accuracy. Target shooters insist on uniform case wall thickness and tight tolerances. Hornady delivers this by treating brass as the foundation for an accurate cartridge, not as a commodity.

Safety Instruction Guide for 300 AAC BLACKOUT BRASS CASE

Introduction

Thank you for choosing the 300 AAC BLACKOUT BRASS CASE by Hornady. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure safe handling and storage of the brass cases to prevent accidents.
- Always treat brass cases as potential hazards when not in use.
- Follow all local laws and regulations regarding the use of ammunition components.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye and hearing protection, when using ammunition.
- Inspect the brass cases for any signs of damage or defects before use.
- Do not use brass cases that have been previously fired or damaged unless they have been properly inspected and refurbished.
- Maintain a clean and organized workspace to prevent accidents.
- Avoid distractions while handling or using brass cases.
- Store brass cases in a cool, dry place away from direct sunlight and moisture.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have the necessary tools and equipment for reloading.
- Verify that your reloading equipment is compatible with 300 AAC Blackout brass cases.

2. Reloading Process:

- Clean the brass cases thoroughly before use to remove any debris or contaminants.
- Inspect each case for uniformity in wall thickness and overall integrity.
- Follow the recommended reloading data for the 300 AAC Blackout cartridge to ensure safe and effective performance.
- Ensure that the bullet seating depth is consistent for optimal velocity and accuracy.

3. Storage:

- Store unused brass cases in their original packaging or a suitable container.
- Label storage containers clearly to avoid confusion with other products.
- Keep storage areas free from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any damaged or unusable brass cases in accordance with local regulations.
- Do not throw brass cases in regular trash. Instead, consider recycling options available for metal products.

- Follow local guidelines for hazardous waste disposal if applicable.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the appropriate contact point in your region. Ensure that you have relevant product information ready when seeking assistance.

By adhering to these guidelines and precautions, you can ensure the safe and effective use of the 300 AAC BLACKOUT BRASS CASE. Thank you for your attention to safety and for choosing Hornady products.
