

# LOCK-N-LOAD CASE PREP TRIO - THREE TOOL SET

[Reloading](#) > [Case Preparation](#) > [Primer Pocket Tools](#) > [Reamers & Swagers](#)

The Case Prep Trio is one of Hornady's latest innovations to help you reduce the time spent preparing your brass, so you can spend more time at the range. This durable, three-in-one tool has a high-torque, low-speed motor powering separate tools to chamfer, deburr, and clean primer pockets at one, easy-to-use station. Inside and outside chamfer and deburring tools are provided, along with additional storage for pocket reamers, case neck brushes, or any other 8-32 thread tools (sold separately).

# LOCKNLOAD CASE PREP TRIO Safety Instructions

## Introduction

Thank you for choosing the LOCKNLOAD CASE PREP TRIO. This innovative tool is designed to simplify and enhance your brass preparation process. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always operate the tool in a welllit area to avoid accidents.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of damage or wear before use.
- Do not use the tool if it is damaged or malfunctioning.
- Follow all local regulations regarding the use of electrical equipment.

## Specific Safety Precautions for Use

- Only use the tool with the specified voltage (110V or 220V).
- Do not overload the tool; follow the manufacturer's guidelines for usage.
- Wear appropriate personal protective equipment, such as safety glasses and gloves, when using the tool.
- Ensure that the work area is clear of any obstructions and that you have a stable surface to work on.
- Avoid contact with moving parts during operation.
- Disconnect the tool from the power supply when not in use or when changing tools.
- Be cautious of any debris that may be produced during the chamfering, deburring, and cleaning processes.

## Instructions for Installation and Usage

### Installation

1. Unpack the LOCKNLOAD CASE PREP TRIO and ensure all components are included.
2. Place the tool on a stable, flat surface in a wellventilated area.
3. Connect the tool to the appropriate power supply (110V or 220V).
4. Ensure that all attachments are securely fastened before operating.

### Usage

1. Select the desired tool for your task (chamfering, deburring, or cleaning).
2. Follow the specific instructions for each tool to ensure proper use:
  - **Chamfering Tool:** Insert the case into the chamfering tool and apply gentle pressure while turning the case to achieve the desired chamfer.
  - **Deburring Tool:** Position the case in the deburring tool and rotate gently to remove any burrs.
  - **Cleaning Tool:** Use the cleaning tool to clean primer pockets by inserting it and rotating until clean.
3. After use, clean the tool and attachments to maintain performance and longevity.
4. Store the tool and attachments in a safe place, away from moisture and extreme temperatures.

## Disposal Instructions

- Dispose of the product in accordance with local waste disposal regulations.
- Do not dispose of electrical components in regular household waste.
- Consider recycling options for the tool and its components where available.

## **Contact Information for Further Support**

For questions or concerns regarding the LOCKNLOAD CASE PREP TRIO, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you will ensure a safe and effective experience with your LOCKNLOAD CASE PREP TRIO. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
