

STOW-N-GO HOLSTERS - GALCO INTERNATIONAL STOW-N-GO SIG SAUER P290-TAN-RIGHT HAND

[Home](#)

The Stow-N-Go's open top allows a very fast draw, while the reinforced mouth allows a smooth and easy return to the holster. A sturdy injection-molded nylon clip secures the holster onto the belt. The Stow-N-Go inside the pants holster carries the handgun in a vertical orientation, with no cant or angle. It can be used strong side, crossdraw, or in front of the hip (appendix carry). Constructed of comfortable premium Center Cut Steerhide™, the Stow-N-Go fits belts up to 1 3/4".

STOWNGO Holsters Safety Instruction Guide

Introduction

Thank you for choosing the STOWNGO Holster by Galco International for your SIG Sauer P290. This guide provides essential safety instructions to ensure the safe and effective use of your holster. Please read this guide carefully before using the product.

General Safety Guidelines

- Always treat your holster as if it is loaded, even when it is not.
- Ensure that the holster is compatible with your firearm model.
- Keep the holster away from children and unauthorized users.
- Regularly inspect the holster for wear and tear. Replace if damaged.
- Store the holster in a cool, dry place when not in use.
- Follow all local laws and regulations regarding firearm carry.

Specific Safety Precautions for Use

- **Proper Fit:** Ensure that your firearm fits securely in the holster. A loose fit may result in the firearm falling out or becoming dislodged.
- **Draw Technique:** Practice drawing your firearm from the holster in a safe environment. Ensure that you are familiar with the mechanics of the holster.
- **Holster Position:** When carrying, position the holster in a way that minimizes the risk of accidental discharge. The holster should be worn in a vertical orientation with no cant or angle.
- **Belt Security:** Ensure that the injectionmolded nylon clip is securely attached to your belt before use. A loose clip can cause the holster to shift or detach.
- **Avoid Obstructions:** Be mindful of clothing or other objects that may interfere with the draw or reholstering process.

Instructions for Installation and Usage

1. Installation:

- Slide the injectionmolded nylon clip onto your belt, ensuring it is positioned securely.
- Adjust the holster to your preferred carry position (strong side, crossdraw, or appendix carry).

2. Usage:

- Insert your firearm into the holster, ensuring it fits snugly.
- When drawing your firearm, maintain a firm grip on the holster with your nondominant hand to prevent movement.
- Draw the firearm in a smooth motion, keeping the muzzle pointed in a safe direction.
- After use, reholster the firearm carefully, ensuring it is fully seated in the holster.

Disposal Instructions

- Dispose of the holster in accordance with local regulations.
- If the holster is damaged beyond use, consider recycling materials where applicable.
- Do not dispose of the holster in regular household waste if it contains components that may be hazardous.

Contact Information for Further Support

If you have questions or need assistance regarding the STOWNGO Holster, please reach out to the designated support channels provided with your product purchase.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your STOWNGO Holster. Always prioritize safety and remain informed about best practices for firearm handling and holster use. Thank you for your attention to these important guidelines.
