

# POCKET PROTECTOR HOLSTERS - GALCO INTERNATIONAL POCKET PROTECTOR WALTHER PPK-BLACK

[Home](#)

The Pocket Protector™ holster is designed for front pocket carry in pants or a jacket. The Pocket Protector keeps the firearm in the same general position so you can quickly locate the grip when you need to draw, conceals the shape of the gun so that its outline is not printed through the pants, and allows one-handed release of gun from both pocket and holster. Reinforcements at the holster mouth and beneath the trigger guard keep the holster stiff enough to allow a smooth draw and easy return to the holster, while also maintaining enough rigidity to prevent “printing” and shifting of the handgun. The holster’s hooked shape – at the base of the handgun’s trigger guard – is designed to catch on the pocket so that, with practice (using an unloaded firearm) and while using the proper pants, you can draw the firearm while the holster remains in your pocket or falls away. The Pocket Protector is ambidextrous and constructed of premium Center Cut Steerhide™. The holster should always be removed from the pocket when holstering the handgun.

## Attributes

- Name: [GALCO INTERNATIONAL POCKET PROTECTOR WALTHER PPK-BLACK](#)

# Pocket Protector Holster Safety Instructions

## Introduction

Thank you for choosing the Pocket Protector™ holster by Galco International. This guide provides essential safety information to ensure the safe use and maintenance of your holster. Please read and follow these instructions carefully.

## General Safety Guidelines

- Always ensure that your firearm is unloaded before placing it in the holster.
- Keep the holster out of reach of children and unauthorized users.
- Regularly inspect your holster for wear and tear. Do not use a damaged holster.
- Ensure the holster is properly fitted for your firearm model to avoid accidents.
- Follow all local laws and regulations regarding firearm carry and storage.

## Specific Safety Precautions for Use

- **Avoid Printing:** The Pocket Protector is designed to conceal your firearm. Ensure that the holster is positioned correctly to prevent the outline of the firearm from being visible through your clothing.
- **OneHanded Release:** Practice drawing your firearm from the holster in a safe environment. Ensure you can perform the action smoothly without the holster coming out of your pocket.
- **Practice Drawing:** Use an unloaded firearm during practice to familiarize yourself with the drawing process. This will help you develop muscle memory for quick and safe access.
- **Ambidextrous Use:** The holster is ambidextrous; practice drawing with both hands if you are comfortable doing so.
- **Proper Clothing:** Wear pants or jackets that are suitable for pocket carry to ensure the holster remains in place during use.

## Instructions for Installation and Usage

1. **Check Fit:** Ensure that the Pocket Protector holster is compatible with your Walther PPK model.
2. **Positioning:** Place the holster in your front pocket or jacket pocket, ensuring the grip of the firearm is accessible.
3. **Secure the Holster:** Make sure the holster is positioned so that it does not shift or fall out during movement.
4. **Drawing the Firearm:**
  - With the holster in your pocket, grip the firearm firmly.
  - Pull the firearm upwards while ensuring the holster remains in your pocket.
  - If the holster does not come out with the firearm, practice this motion until you can do it smoothly.
5. **Holstering the Firearm:** Always remove the holster from your pocket before holstering the firearm to ensure safety and proper storage.

## Disposal Instructions

- Dispose of the Pocket Protector holster responsibly. If damaged, do not throw it in regular waste. Check with local waste management for proper disposal methods.
- Recycle materials where possible, following local regulations.

## Contact Information for Further Support

For any safety inquiries or concerns regarding your Pocket Protector holster, please refer to the official Galco International website or contact your local dealer.

By following these guidelines, you can ensure the safe use of your Pocket Protector holster while complying with EU safety regulations. Thank you for prioritizing safety and responsible firearm handling.
