

# POCKET PROTECTOR HOLSTERS - GALCO INTERNATIONAL POCKET PROTECTOR SIG SAUER P938-BLACK

[Home](#)

The Pocket Protector™ holster is designed for front pocket carry in pants or a jacket. The Pocket Protector keeps the firearm in the same general position so you can quickly locate the grip when you need to draw, conceals the shape of the gun so that its outline is not printed through the pants, and allows one-handed release of gun from both pocket and holster. Reinforcements at the holster mouth and beneath the trigger guard keep the holster stiff enough to allow a smooth draw and easy return to the holster, while also maintaining enough rigidity to prevent “printing” and shifting of the handgun. The holster’s hooked shape – at the base of the handgun’s trigger guard – is designed to catch on the pocket so that, with practice (using an unloaded firearm) and while using the proper pants, you can draw the firearm while the holster remains in your pocket or falls away. The Pocket Protector is ambidextrous and constructed of premium Center Cut Steerhide™. The holster should always be removed from the pocket when holstering the handgun.

# Pocket Protector Holster Safety Instructions

## Introduction

Thank you for choosing the Pocket Protector™ Holster by Galco International. This holster is designed for safe and convenient front pocket carry of your firearm. Please read and follow these safety instructions carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the holster is compatible with your firearm model (Sig Sauer P938).
- Inspect the holster regularly for any signs of wear or damage.
- Avoid using the holster if it shows signs of deterioration.
- Keep the holster away from moisture and extreme temperatures to maintain its integrity.
- Store the holster in a safe location, out of reach of children and unauthorized users.
- Always remove the holster from your pocket when holstering or unholstering your firearm.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before practicing drawing from the holster.
- Practice drawing your firearm with an unloaded weapon to become familiar with the holster's operation.
- Use appropriate pants that allow the holster to remain secure during the draw.
- Be aware of your surroundings when drawing your firearm to avoid accidents.
- Do not attempt to draw the firearm if the holster is not securely positioned in your pocket.
- The holster is designed for ambidextrous use; ensure you are comfortable using it in your preferred hand.

## Instructions for Installation and Usage

### 1. Holster Placement:

- Place the Pocket Protector holster in the front pocket of your pants or jacket.
- Ensure that the holster is positioned so that the grip of the firearm is easily accessible.

### 2. Drawing the Firearm:

- With practice, grip the firearm and pull it upwards while simultaneously pulling the holster away from the pocket.
- If the holster remains in the pocket, practice adjusting your grip until you can draw the firearm smoothly.

### 3. Holstering the Firearm:

- Always remove the holster from your pocket before holstering your firearm.
- Ensure the firearm is pointed in a safe direction when holstering.
- Gently insert the firearm into the holster, ensuring it is secure.

### 4. Maintenance:

- Clean the holster with a dry cloth to remove dust and debris.
- Avoid using harsh chemicals or cleaners that may damage the leather.

## **Disposal Instructions**

- Dispose of the holster in accordance with local regulations for leather products.
- If the holster is damaged beyond repair, consider recycling the leather if possible.

## **Contact Information for Further Support**

For any questions regarding the Pocket Protector holster, please refer to the manufacturer's website or customer service for assistance.
