# Safety Instruction Guide for POLY80 FRAME COMPLETION KIT

## Introduction

Thank you for choosing the POLY80 Frame Completion Kit from Lone Wolf Dist. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this guide thoroughly before using the kit to understand the necessary precautions and procedures.

## General Safety Guidelines

- Ensure that the POLY80 Frame Completion Kit is used only by individuals who are knowledgeable about firearms and their components.
- Always handle firearms and firearm components with care and respect.
- Store the kit and completed frame in a secure location, away from unauthorized access, especially by children.
- Be aware of your local laws and regulations regarding the use and modification of firearms.
- Regularly inspect your firearm and its components for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when working with tools and firearm components.
- Ensure that the workspace is clean and free from any distractions or hazards.
- Use only compatible parts as specified in the kit to avoid malfunctions.
- Do not attempt to modify or alter any components beyond the intended use as described in this guide.
- Ensure that the firearm is unloaded before beginning any installation or modification procedures.
- Keep your hands and tools clear of the firearm's action when assembling or disassembling components.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and components included in the POLY80 Frame Completion Kit.
- Ensure you have a clean, welllit workspace to perform the installation.

### 2. Installation Steps

- **LWDUTH Installation:**
  - Insert the Lone Wolf Universal Trigger Housing (LWDUTH) into the lower frame.
  - Ensure the LWD .40 Ejector (LWD1882) is properly seated within the housing.
- **Trigger and Trigger Bar:**
  - Install the Lone Wolf Trigger with Trigger Bar, ensuring it fits securely in the designated area for Gen3 and Gen4 models.
- **Connector Installation:**
  - Install the LWD 3.5 lb. Connector (LWD342) into the trigger assembly.
- **Slide Lock and Stop:**
  - Attach the LWD Extended Slide Lock Lever (LWDESLL) and the LWD Extended Slide Stop (LWD7496) to their respective positions.
- **Trigger Spring:**
  - Install the LWD Trigger Spring (LWD3506) ensuring it is correctly positioned for optimal function.

- **Pin Installations:**
  - Insert the LWD Trigger Pin (LWD420) and LWD Locking Block Pin (LWD4368) into their respective places.
- **Mag Catch Spring and Extended Magazine Catch:**
  - Install the LWD Mag Catch Spring (LWD280) followed by the LWD Magazine Catch Extended (LWD1981).
- **Compact Slide Lock Spring:**
  - Finally, install the LWD Compact Slide Lock Spring (LWD2317) to complete the assembly.

### 3. Final Checks

- Once all components are installed, conduct a thorough inspection of the assembly.
- Ensure that all parts are secure and that there are no loose components.
- Test the trigger and slide operation without ammunition to ensure proper function.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If any components are damaged or deemed unsafe, contact local authorities for proper disposal methods.
- Do not dispose of any firearm components in regular household waste.

## Contact Information for Further Support

For any questions or concerns regarding the POLY80 Frame Completion Kit, please refer to the manufacturer's website or customer service resources for assistance.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on your responsible use and handling of this product.
