

# 45 CALIBER (.458" ) MONOFLEX BULLETS - MONOFLEX .45 CALIBER (0.458" ) 250GR LFPT 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

The Hornady DGS bullets feature an advanced profile built of the toughest materials that penetrate through thick hide, dense muscle and hard bone — delivering maximum stopping power. The business end of the DGS bullet features a wide, flat nose that delivers maximum energy upon impact, while resisting bullet deformation and deflection. Incorporating a very hard high antimony lead core with a copper-clad steel jacket, this bullet maintains integrity and overall weight retention when driving through even the toughest hide and bone. Uniform in shape and size to the DGX (Dangerous Game™ eXpanding) bullet, you can reliably and accurately shoot both from the same firearm with little to no shift in point of aim or impact.

## Attributes

- Name: [MONOFLEX .45 CALIBER \(0.458" \) 250GR LFPT 50/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 100031427
- Mfr. No.: 45010
- Ballistic Coefficient (G1): 0.175
- Bullet Style: MonoFlex
- Caliber: 45 Caliber
- Diameter (in): 0.458
- Grain: 250
- Sectional Density: 0.170
- Quantity: 50
- Delivery weight: 0.862kg
- Shipping height: 51mm
- Shipping width: 89mm
- Shipping length: 102mm
- UPC: 090255450101

# Safety Instruction Guide for Hornady .45 Caliber (.458") Monoflex Bullets

## Introduction

Thank you for choosing Hornady .45 Caliber (.458") Monoflex Bullets. This guide provides important safety information and instructions to ensure the safe handling, usage, and disposal of this product. Please read this guide carefully before using the bullets.

## General Safety Guidelines

- Ensure that all safety equipment is worn when handling firearms and ammunition.
- Always treat firearms as if they are loaded.
- Store ammunition in a cool, dry place, away from direct sunlight and heat sources.
- Keep ammunition out of reach of children and unauthorized individuals.
- Regularly inspect your ammunition for signs of damage or corrosion before use.
- Follow all local laws and regulations regarding the ownership and use of ammunition.

## Specific Safety Precautions for Use

- Use only in firearms specifically designed for .45 caliber (.458") ammunition.
- Do not exceed the recommended load specifications for your firearm.
- Avoid using damaged or corroded bullets, as they may pose a safety risk.
- Ensure the firearm is pointed in a safe direction when loading and unloading.
- Always ensure your firearm is in good working condition before use.
- Be aware of your surroundings and ensure a safe shooting environment.

## Instructions for Installation and Usage

- Carefully read the firearm's manual for proper loading and unloading procedures.
- Load the bullets according to the specifications provided in your firearm's manual.
- When firing, maintain a firm grip on the firearm and keep your finger off the trigger until ready to shoot.
- After firing, check the firearm for any signs of malfunction before reloading.
- If a bullet fails to fire, wait at least 30 seconds before attempting to unload it, as it may be a delayed ignition.

## Disposal Instructions

- Dispose of unused or expired ammunition in accordance with local regulations.
- Do not dispose of ammunition in household waste.
- Contact local law enforcement or a hazardous waste disposal facility for guidance on safe disposal methods.

## Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please refer to the manufacturer's contact information provided on the packaging or visit the manufacturer's website.

## Conclusion

By following these safety guidelines and instructions, you can help ensure a safe and enjoyable experience with your Hornady .45 Caliber (.458") Monoflex Bullets. Always prioritize safety and stay informed about best practices in ammunition handling and usage. Thank you for your attention to safety.
