Safety Instruction Guide for the Universal Decapping Die

Introduction

Thank you for choosing the Universal Decapping Die by Hornady. This product is designed to decap military cases that have swaged primer pockets, which can be tough on conventional sizing and decapping dies. To ensure safe and effective use of this product, please read and follow the safety guidelines and instructions provided in this manual.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the decapping die.
- Ensure the workspace is clean, welllit, and free of clutter to prevent accidents.
- Keep the decapping die out of reach of children and vulnerable individuals.
- Do not use the decapping die for any purpose other than its intended use.
- Regularly inspect the decapping die for any signs of wear or damage before use.
- Follow all local regulations and guidelines regarding the handling and disposal of spent primers and other materials.

Specific Safety Precautions for Use

- When decapping military cases, ensure that the cases are properly secured in the die to prevent accidents.
- Avoid applying excessive force when using the decapping die, as this may cause damage to the die or result in injury.
- Be cautious of sharp edges and points on the die and cases.
- If you experience any difficulty while using the die, stop immediately and assess the situation before proceeding.
- Do not attempt to modify the decapping die in any way, as this can compromise its safety and effectiveness.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Attach the Universal Decapping Die to the press according to the manufacturer's instructions.
- Adjust the die to the desired height for optimal operation.

2. Usage:

- Insert the military case into the shell holder of the reloading press.
- Raise the ram to bring the case into contact with the decapping pin.
- Apply steady pressure to decap the primer from the case. Do not force the case if it does not decap easily.
- Once the primer is removed, lower the ram and remove the case from the shell holder.
- Inspect the decapped case for any damage before reloading.

Disposal Instructions

- Dispose of spent primers and any waste materials in accordance with local regulations.
- Do not throw spent primers in regular trash. Instead, check with local authorities for proper disposal methods.
- Ensure all tools and equipment are cleaned and stored properly after use.

Contact Information for Further Support

For any questions or concerns regarding the Universal Decapping Die, please refer to the manufacturer's website or customer support for assistance.

By following these guidelines, you can ensure a safe and effective experience when using the Universal Decapping Die. Thank you for prioritizing safety in your reloading activities.
