# **Safety Instruction Guide for CUSTOM GRADE FULL LENGTH HANDGUN SIZING DIES 38 SPECIAL, 357 MAGNUM FULL LENGTH DIE**

## **Introduction**

Thank you for choosing the Hornady Custom Grade Full Length Sizing Die. This product is designed for precise reloading of 38 Special and 357 Magnum cartridges. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## **General Safety Guidelines**

- Always handle reloading equipment with care to prevent accidents.
- Ensure that the workspace is clean and free from distractions.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Keep the dies and reloading components out of reach of children and unauthorized users.
- Store the dies in a secure location when not in use.

## **Specific Safety Precautions for Use**

- Inspect the die for any signs of damage or wear before use. Do not use if damaged.
- Ensure that the die is properly adjusted before beginning the reloading process.
- Follow the manufacturer's instructions for reloading ammunition to avoid overcharging or undercharging.
- Do not exceed the recommended load specifications for the cartridges being reloaded.
- Always use appropriate tools and equipment when handling and adjusting the die.
- If you experience any malfunctions or difficulties, stop using the die immediately and seek assistance.

## **Instructions for Installation and Usage**

### **1. Installation**

- Ensure that your reloading press is securely mounted to a stable surface.
- Remove the die from its packaging and inspect it for any damage.
- Screw the die into the reloading press until it is snug. Do not overtighten.
- Adjust the die according to the manufacturer's specifications for proper sizing.

### **2. Usage**

- Prepare your brass cases by cleaning and inspecting them for defects.
- Insert the brass case into the reloading press and raise the ram to engage the die.
- Follow the reloading data for your specific cartridge to determine the correct powder charge and bullet seating depth.
- After sizing, remove the brass case and inspect it to ensure it has been properly sized.
- Repeat the process for each case, maintaining consistent adjustments to ensure uniformity.

## **Disposal Instructions**

- Dispose of any spent primers, powder, and other reloading waste according to local regulations.
- Do not dispose of reloading components in regular household waste.
- Check with local authorities for proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact information provided on the product packaging or website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective reloading experience with the Hornady Custom Grade Full Length Sizing Die. Always prioritize safety and adhere to best practices in reloading. Thank you for your attention to these guidelines.
