FTX CUSTOM BULLET SEATING STEMS 45 CALIBER 200GR FTX SEATING STEM Safety Instructions

Introduction

Thank you for choosing the FTX Custom Bullet Seating Stems for your reloading needs. This product is designed to enhance your reloading experience by providing precise seating of Hornady® FTX bullets. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always wear appropriate safety gear, including eye protection and gloves, when handling reloading equipment.
- Ensure that your workspace is clean, welllit, and free from distractions.
- Keep all reloading components, including bullets, powder, and primers, out of reach of children and pets.
- Familiarize yourself with the specific reloading procedures for your equipment and components.
- Regularly inspect your reloading tools for wear or damage before use.
- Follow all manufacturer instructions and guidelines for your reloading dies and components.

Specific Safety Precautions for Use

- This product is designed specifically for use with Hornady® Custom Grade™ Dies. Do not attempt to use it with dies from other manufacturers.
- Ensure that the bullet seating stem is properly installed before beginning the reloading process.
- Avoid overseating bullets, as this can lead to inconsistent performance and potential safety hazards.
- Maintain a safe distance from flammable materials when working with reloading components.
- If you notice any unusual behavior or issues during the reloading process, stop immediately and assess the situation.

Instructions for Installation and Usage

1. Installation of the Seating Stem:

- Ensure that your Hornady® Custom Grade™ Die is clean and free from debris.
- Remove the existing seating stem from the die by unscrewing it counterclockwise.
- Carefully screw the FTX Custom Bullet Seating Stem into the die, ensuring it is securely fastened.
- Adjust the seating depth according to your reloading specifications.

2. Using the Seating Stem:

- Prepare your cases and ensure they are clean and properly sized.
- Insert the bullet into the case mouth.
- Place the case into the die and apply downward pressure on the press handle to seat the bullet.
- Monitor the seating depth and make adjustments as necessary for consistent results.
- Once the bullet is seated, remove the case from the die and inspect the seating depth visually.

3. PostUse Care:

- Clean the seating stem and die after use to prevent buildup of residue.
- Store the seating stem in a safe, dry location when not in use.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of reloading components in regular household waste.
- Contact local waste management authorities for guidance on the proper disposal of hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the FTX Custom Bullet Seating Stems, please refer to your retailer or the manufacturer's website for additional support and resources.

By following these safety instructions, you can ensure a safe and effective reloading experience with the FTX Custom Bullet Seating Stems. Always prioritize safety and compliance with local regulations when handling reloading equipment and components.
