# FTX CUSTOM BULLET SEATING STEMS 45 CALIBER 250GR MONOFLEX, 325GR FTX SEATING STEM Safety Instructions

## Introduction

Thank you for choosing the FTX Custom Bullet Seating Stems. These products are designed to enhance your reloading experience while ensuring safety and precision. This guide provides essential safety instructions and usage guidelines to help you use the product effectively and responsibly.

## General Safety Guidelines

- Ensure that you read and understand all instructions before using the product.
- Always use the product in accordance with the manufacturer's guidelines.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

## Specific Safety Precautions for Use

- Use only with Hornady® Custom Grade™ Dies to ensure proper fit and function.
- Do not attempt to use the seating stems with dies from other manufacturers, as this may lead to improper seating and potential hazards.
- Always wear appropriate safety gear, including eye protection, when reloading ammunition.
- Be aware of your surroundings and ensure that you are working in a safe environment, free from distractions.
- Handle all components with care to avoid accidental damage or injury.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the reloading press is securely mounted and stable.
- Remove the existing seating stem from the die by unscrewing it counterclockwise.
- Carefully insert the FTX Custom Bullet Seating Stem into the die.
- Tighten the seating stem by turning it clockwise until it is securely in place, but do not overtighten.

### 2. Usage

- Prepare your ammunition components, including cases, primers, and powder, according to your reloading manual.
- Place a bullet into the case mouth, ensuring it is properly aligned.
- Adjust the seating depth according to your specifications:
  - Turn the seating stem adjustment screw to raise or lower the bullet seating depth.
- Activate the reloading press to seat the bullet. Ensure that the press operates smoothly without obstruction.
- Inspect the seated bullet for proper depth and alignment before proceeding to the next round.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, follow local guidelines for hazardous materials if applicable.
- Ensure that all packaging materials are recycled or disposed of responsibly.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please refer to the manufacturer's website or contact their customer service department directly. It is important to have access to support for any questions or concerns you may have regarding the FTX Custom Bullet Seating Stems.

By following these safety instructions, you can ensure a safe and effective reloading experience with the FTX Custom Bullet Seating Stems. Always prioritize safety and stay informed about best practices in ammunition reloading.
