Safety Instruction Guide for the Lee Precision Adjustable Charge Bar

Introduction

Thank you for choosing the Lee Precision Adjustable Charge Bar. This product is designed to enhance your reloading experience by providing adjustable powder measurement for your Auto Disk and Pro Auto Disk Powder Measures. Your safety is our priority, and this guide provides essential information on how to use the Adjustable Charge Bar safely and effectively.

General Safety Guidelines

- Always use the Adjustable Charge Bar in accordance with the manufacturer's instructions.
- Ensure that the product is used in a wellventilated area to avoid inhalation of powder dust.
- Keep the Adjustable Charge Bar out of reach of children and pets.
- Regularly inspect the product for any signs of wear or damage before use.
- Avoid using the Adjustable Charge Bar with any substances other than those specified by the manufacturer.
- In case of any malfunction or if you suspect the product may be unsafe, cease use immediately and contact customer support.

Specific Safety Precautions for Use

- **Avoid Overloading:** Do not exceed the maximum capacity of 1.6 cc when adjusting the charge bar.
- **Use Protective Gear:** When handling powders, consider wearing safety glasses and a dust mask to protect against irritation.
- **Proper Storage:** Store the Adjustable Charge Bar in a cool, dry place when not in use to prevent damage.
- **Avoid Contamination:** Ensure that the charge bar and surrounding area are free from any foreign materials that could contaminate the powder.
- **Follow Local Regulations:** Ensure that you are compliant with local laws regarding the handling and storage of reloading materials.

Instructions for Installation and Usage

1. Installation:

- Remove the existing Charge Disk from your Auto Disk or Pro Auto Disk Powder Measure.
- Carefully insert the Adjustable Charge Bar into the designated slot, ensuring it is securely fitted.
- Adjust the bar to your desired measurement between .28 cc and 1.6 cc using the adjustment mechanism.

2. Usage:

- Before each use, doublecheck that the charge bar is securely in place.
- Measure the powder according to your desired charge weight, ensuring that the adjustment is accurate.
- After measuring, return any unused powder to its original container to avoid waste and contamination.
- Clean the Adjustable Charge Bar regularly to maintain accuracy and performance.

Disposal Instructions

- Dispose of the Adjustable Charge Bar in accordance with local regulations regarding plastic and metal waste.
- If the product is damaged or no longer usable, consider recycling it if applicable.
- Do not dispose of any powders or materials in the Adjustable Charge Bar in regular trash. Follow local guidelines for hazardous waste disposal.

Contact Information for Further Support

For additional support or inquiries related to safety, please refer to the contact information provided in the product packaging or on the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the Lee Precision Adjustable Charge Bar. Always prioritize safety and remain informed about best practices for handling reloading equipment. Thank you for your attention to these important guidelines.
