

2 CAVITY RIFLE BULLET MOLDS - LEE PRECISION 50 CALIBER (0.515") 500GR ROUND NOSE DOUBLE CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Rifle Moulds](#)

All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. All hollow base moulds are single cavity only as they have a self centering, automatic core pin for the fastest possible moulding. All moulds include handles and sprue plates.

Safety Instruction Guide for 2 Cavity Rifle Bullet Molds

Introduction

Thank you for choosing the 2 Cavity Rifle Bullet Molds by Lee Precision. This guide provides important safety instructions and information to ensure the safe use of your product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure the safe use of the bullet molds by following all guidelines. This product is designed for experienced users and should not be used by children or inexperienced individuals.
- **Enhanced Recalls:** In the event of a safety issue, standardized recall notices will be issued. Keep an eye on updates regarding recalls.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** Extra precautions are in place for vulnerable groups. This product is not intended for use by children.
- **EU Contact Point:** For any safety inquiries, contact the designated EU-based support services.
- **Rapid Alerts:** Stay informed about any unsafe products through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Hot surfaces: The molds can become very hot during use, posing a burn hazard.
 - Sharp edges: The molds have sharp edges that can cause cuts.
 - Heavy weight: The molds are heavy and can cause injury if dropped.
- **Avoiding Hazards:**
 - Always use heat-resistant gloves when handling molds.
 - Use caution when handling the molds to prevent cuts.
 - Ensure a stable surface when working with the molds to avoid dropping them.
- **Age Restrictions:** This product is intended for adult users only. Keep out of reach of children.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure that you have a suitable work area that is clean and free from clutter.
 2. Secure the mold in a stable position using a mold handle or clamp to prevent movement during use.
- **Usage:**
 1. Preheat the mold according to the manufacturer's instructions.
 2. Pour the molten lead carefully into the mold cavities, avoiding overfilling.
 3. Allow the lead to cool and solidify before removing the bullets from the mold.
 4. Use appropriate tools to remove the bullets safely, avoiding contact with hot surfaces.
 5. Clean the mold after use according to the manufacturer's guidelines.

Disposal Instructions

- Dispose of any unused or damaged molds in accordance with local regulations for metal waste.
- Ensure that all materials are disposed of safely to prevent environmental contamination.

Contact Information for Further Support

For any questions or concerns regarding the use of your 2 Cavity Rifle Bullet Molds, please reach out to your local retailer or the manufacturer's customer service for assistance. Always refer to the product packaging for specific contact details.

By following these safety instructions, you can ensure a safe and effective experience with your 2 Cavity Rifle Bullet Molds. Thank you for your attention to safety.
