# **PACESETTER RIFLE THREEDIE SETS LEE PRECISION PACESETTER .17 HORNET 3DIE SET Safety Instructions**

## **Introduction**

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This product is designed for reloading ammunition for the .17 Hornet cartridge. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use of the die set. This document complies with the EU General Product Safety Regulation (GPSR) to provide you with the necessary information to use this product safely.

## **General Safety Guidelines**

- Always read and understand all instructions before using the die set.
- Store the die set in a secure location, out of reach of children and vulnerable individuals.
- Use the die set only for its intended purpose: reloading .17 Hornet cartridges.
- Ensure that your reloading press is compatible with the die set (7/8"14 thread).
- Wear appropriate safety gear, including safety glasses and gloves, while reloading.
- Be aware of your environment and ensure proper ventilation when handling powders and primers.
- Report any unsafe products or accidents to the relevant authorities.

## **Specific Safety Precautions for Use**

- **Hazard Identification:**
  - Improper handling of reloading components can lead to serious injuries.
  - Inhalation of powder dust or fumes may be harmful; ensure adequate ventilation.
  - Fire hazards exist when handling gunpowder; keep away from open flames and heat sources.
- **Avoiding Hazards:**
  - Always doublecheck the components and measurements before reloading.
  - Never exceed recommended powder loads as specified in your load data.
  - Use only the provided components (Full Length Sizing Die, Bullet Seating Die, Factory Crimp Die, Universal Shell Holder, Powder Dipper) as specified.
  - Keep your workspace clean and organized to avoid accidents.
- **AgeSpecific Warnings:**
  - This product is not intended for use by individuals under the age of 18.
  - Ensure that inexperienced users are supervised by knowledgeable adults when using this product.

## **Instructions for Installation and Usage**

- **Installation:**
  1. Ensure that your reloading press is securely mounted and stable.
  2. Attach the Full Length Sizing Die to the press and adjust it according to the manufacturer's instructions.
  3. Install the Bullet Seating Die and Factory Crimp Die in the same manner.
  4. Insert the Universal Shell Holder into the press for proper cartridge support.

- **Usage:**

1. Prepare your brass cases by cleaning and inspecting them for defects.
2. Use the Full Length Sizing Die to resize the brass to ensure proper fit in your firearm.
3. Measure and add the appropriate amount of powder using the Powder Dipper.
4. Insert the bullet into the case and use the Bullet Seating Die to seat the bullet to the desired depth.
5. Use the Factory Crimp Die to apply a crimp if necessary, ensuring secure bullet retention.
6. Inspect each completed cartridge for consistency and defects before use.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components according to local regulations.
- Never dispose of gunpowder or primers in regular household waste.
- Check with local authorities for proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please contact your local distributor or the manufacturer directly. Ensure you have your product information available when seeking support.

By following these safety instructions, you can help ensure a safe and enjoyable reloading experience with your PACESETTER RIFLE THREEDIE SET. Always prioritize safety and remain informed about best practices in reloading.
