# PACESETTER RIFLE THREEDIE SET SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This product is designed to assist you in reloading 375 Ruger cartridges safely and efficiently. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always handle reloading equipment with care and follow the manufacturer's instructions.
- Ensure that the workspace is clean, dry, and free from distractions while reloading.
- Store all reloading components, including this die set, out of reach of children and vulnerable individuals.
- Regularly inspect your reloading equipment for wear and tear. Replace any damaged parts immediately.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use only the recommended cartridge type (375 Ruger) with this die set to avoid malfunctions.
- Always wear appropriate safety gear, including safety glasses, when using reloading equipment.
- Keep the work area wellventilated to avoid inhalation of dust or fumes from powders and primers.
- Never exceed the recommended powder charges as indicated in the load data.
- Do not attempt to modify the dies or any other components of the die set.
- Ensure that all tools and equipment are properly secured before use.

## Instructions for Installation and Usage

### 1. Setup:

- Secure your reloading press on a stable surface.
- Install the Universal Shell Holder in your reloading press according to the manufacturer's instructions.

### 2. Full Length Sizing Die:

- Insert the Full Length Sizing Die into the press.
- Adjust the die to ensure it sizes the cartridge case correctly.
- Follow the instructions provided in the load data for proper sizing techniques.

### 3. Bullet Seating Die:

- Install the Bullet Seating Die into the press after sizing.
- Adjust the seating depth according to your specific bullet and load data.
- Test the seating depth with a few dummy rounds to ensure proper fit in the chamber.

### 4. Factory Crimp Die:

- After seating the bullets, install the Factory Crimp Die.
- Adjust the crimp to secure the bullet in place without damaging it.
- Again, test with dummy rounds to ensure proper crimping.

### 5. Powder Dipper:

- Use the Powder Dipper to measure the appropriate amount of powder.
- Always doublecheck the powder weight with a scale when possible.

#### **6. Final Checks:**

- Inspect each completed cartridge for proper assembly and function.
- Store completed cartridges in a safe location away from children.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of hazardous materials in regular household waste.
- Check with local authorities for proper disposal methods for reloading materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the PACESETTER RIFLE THREEDIE SET, please reach out to your local retailer or the manufacturer directly.

By following these safety instructions, you can ensure a safer reloading experience. Thank you for your attention to these important safety guidelines. Enjoy your reloading!
