Safety Instruction Guide for Lee Safety Primer Feed Small & Large

Introduction

Thank you for choosing the Lee Safety Primer Feed Small & Large. This innovative priming system allows you to safely handle small and large primers without direct contact, ensuring a cleaner and more efficient reloading process. This guide provides essential safety instructions and guidelines to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Ensure that the workspace is clean, dry, and wellventilated.
- Use the product only for its intended purpose as outlined in this guide.
- Regularly inspect the product for any signs of damage or wear before use.
- Do not attempt to modify or repair the product without proper guidance.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) while reloading, including safety glasses and gloves.
- Handle primers with care to avoid accidental ignition.
- Avoid exposing primers to heat, flames, or any sources of ignition.
- Do not store primers in direct sunlight or in excessively humid environments.
- Ensure that the product is securely mounted and stable during operation.
- In case of an accident or if a primer is accidentally ignited, follow emergency procedures immediately.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that your reloading press is compatible with the Lee Safety Primer Feed. This system is designed for use with:
 - 2006 and newer Breech Lock Challenger
 - Turret Presses
 - Classic Turret Press
 - Breech Lock Classic Cast
 - Classic Cast Press
 - Auto Breech Lock Pro Press
2. **Mounting the Primer Feed:**
 - Securely attach the primer feed to the reloading press as per the manufacturer's instructions.
 - Ensure that all connections are tight and that the unit is stable.
3. **Loading Primers:**
 - Carefully load the small or large primers into the designated feed tray without direct contact.
 - Ensure that the primers are seated correctly and that the feed mechanism is functioning properly.

Usage

1. Priming Process:

- Follow the reloading press instructions to begin the priming process.
- Ensure that the area is clear of any obstructions or potential hazards.
- Monitor the operation closely, ensuring that the primers are fed smoothly into the shell casing.

2. PostUse Care:

- After use, clean the primer feed system according to the manufacturer's recommendations.
- Store the product in a cool, dry place away from direct sunlight.

Disposal Instructions

- Dispose of any unused or expired primers in accordance with local regulations.
- Follow your local waste management guidelines for the disposal of reloading components.
- Do not dispose of primers or hazardous materials in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please refer to the manufacturer's contact information provided with the product packaging. Always ensure that you have the latest updates and safety information.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the Lee Safety Primer Feed Small & Large. Always prioritize safety and adhere to best practices while handling reloading components.
