# Safety Instruction Guide for Lee Precision Universal Case Feeder

## Introduction

Thank you for choosing the Lee Precision Universal Case Feeder. This product is designed to enhance your reloading experience by automating the case feeding operation. To ensure safe and effective use, please read this safety instruction guide carefully. It includes essential safety guidelines, specific precautions, installation instructions, and disposal information.

## General Safety Guidelines

- Always use the Universal Case Feeder in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and individuals who may not understand its use.
- Inspect the product regularly for any signs of wear or damage before use.
- Ensure that your reloading area is wellventilated and free from distractions.
- Use protective eyewear and gloves when operating the equipment.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Be aware of moving parts that can cause injury. Keep hands and clothing away from these areas during operation.
  - Ensure that the case feeder is securely mounted to prevent it from tipping over or coming loose during use.
- **Operational Safety:**
  - Do not overload the case feeder. Follow the manufacturer's specifications for maximum capacity.
  - Never attempt to disassemble or modify the case feeder while it is in operation.
  - Always turn off and unplug the reloading press before performing maintenance or adjustments.
- **Age Restrictions:**
  - This product is intended for adult use only. It should not be operated by individuals under the age of 18.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the reloading press (Auto Breech Lock Pro, Pro 1000, or Load Master) is securely mounted on a stable surface.
- Attach the Universal Case Feeder to the reloading press according to the following steps:
  - Align the case feeder with the press.
  - Secure the feeder using the provided hardware.
  - Connect the case feed tubes to the feeder.
  - Adjust the riser block if using taller cartridges.

### 2. Usage:

- Load the feed plate with cases according to the manufacturer's instructions.
- Turn on the reloading press and allow the case feeder to operate.
- Monitor the operation to ensure that cases are fed correctly. If any issues arise, stop the operation immediately and check for blockages.
- When finished, turn off the press and unplug it before cleaning or performing maintenance.

## **Disposal Instructions**

- Dispose of the Universal Case Feeder according to local regulations for electronic waste.
- Remove any nonrecyclable components and dispose of them properly.
- Recycle any recyclable materials where applicable.

## **Contact Information for Further Support**

For any inquiries related to safety or product support, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your Lee Precision Universal Case Feeder responsibly!
