[Reloading](#) > [Powder Handling](#) > [Powder Tricklers](#)

Trickle Powder With More Accuracy

For reloaders looking to enhance the precision and efficiency of their handloading process, the Hornady Vibratory Trickler is designed to provide consistent, accurate charges for a range of powders, offering unprecedented capabilities for consumers. Featuring: Save time and improve reloading accuracy and efficiency. Ideal for getting loads exactly the same every time. High, low and variable settings trickle all forms of powder. The modular design of the Hornady Vibratory Trickler allows handloaders to use the product with the base attached or removed, and the modularity also ensures that users can quickly clean and store their trickler. High, low and variable settings allow users to fine-tune the trickler's operation for a number of powder types. Each Hornady Vibratory Trickler features lit LED buttons for easy selection in low light, and the unit is powered by two AAA batteries.

Safety Instruction Guide for Hornady Vibratory Trickler

Introduction

Thank you for choosing the Hornady Vibratory Trickler. This product is designed to enhance the precision and efficiency of your handloading process. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information about product safety, specific precautions, installation, usage, and disposal.

General Safety Guidelines

To ensure your safety and the safety of others, please follow these general safety guidelines:

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Do not use the product if it is damaged or malfunctioning.
- Follow all instructions provided in this guide to avoid potential hazards.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

When using the Hornady Vibratory Trickler, please observe the following safety precautions:

- Always operate the trickler on a stable, flat surface to prevent tipping.
- Avoid overloading the trickler with excessive amounts of powder.
- Do not attempt to modify or repair the trickler yourself.
- Use only the recommended type of batteries (two AAA batteries).
- Keep the trickler clean and free from dust and debris to ensure optimal performance.
- Always turn off the trickler when not in use to prevent accidental operation.
- Be cautious when handling powders, as they can be flammable and may pose health risks if inhaled or ingested.

Instructions for Installation and Usage

To ensure proper installation and usage of the Hornady Vibratory Trickler, please follow these steps:

Installation

1. **Unpack the Product:** Carefully remove the trickler from its packaging.
2. **Check Components:** Ensure that all components are present and undamaged.
3. **Battery Installation:**
 - Open the battery compartment.
 - Insert two AAA batteries, ensuring correct polarity as indicated.
 - Close the battery compartment securely.

Usage

1. **Setup:**
 - Place the trickler on a stable surface.
 - If desired, attach the base for added stability.
2. **Selecting Settings:**
 - Use the lit LED buttons to select high, low, or variable settings based on your powder type.

3. Loading Powder:

- Carefully load the desired powder into the trickler.
- Avoid overloading to ensure accurate dispensing.

4. Operating the Trickler:

- Press the selected setting button to begin trickling powder.
- Monitor the dispensing process to achieve the desired charge.

5. Turning Off:

- After use, turn off the trickler to conserve battery life.

Disposal Instructions

Proper disposal of the Hornady Vibratory Trickler is essential to prevent environmental harm. Please follow these disposal instructions:

- Dispose of the product in accordance with local regulations regarding electronic waste.
- Remove batteries before disposal and recycle them according to local battery recycling guidelines.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the Hornady Vibratory Trickler, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety instructions. We hope you enjoy using your Hornady Vibratory Trickler for all your handloading needs. Stay safe and happy reloading!
