

# TOOL-LESS BUTTPAD HEIGHT KIT - 180-ALPHA CHASSIS TOOL-LESS BUTTPAD HEIGHT KIT

[Rifle Parts](#) > [Stock Parts](#) > [Butt Plate Parts](#) > [Buttstock Spacers](#)

## No Wrenches Needed

Tool-less Buttpad Height Mechanism: With this assembly, you can add tool-less buttpad height and cant functionality to some KRG chassis that did not come with it already. With the tool-less adjustment, it's easy to lower the buttpad to get a cleaning rod down the bore or to adjust the buttpad when transitioning between different shooting positions such as seated to prone for example. The buttpad mount plate is upgraded to the Whiskey-3 version which has ample set positions for height plus positions for 15 degrees of cant each way. Fits: The following KRG chassis (each chassis has its own version of the mechanism): X-ray, Bravo, 180-Alpha Restrictions: Does not come with new buttpad, use your existing buttpad

## Attributes

- Name: [180-ALPHA CHASSIS TOOL-LESS BUTTPAD HEIGHT KIT](#)

## CHASSIS Safety Instructions

### Introduction

Thank you for choosing the Toolless Buttpad Height Kit for your KRG chassis. This guide provides essential safety information and instructions to ensure safe and effective use of the product. Please read this manual carefully before installation and use.

### General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's specifications.
- Always inspect the product for damage or wear before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose as described in this manual.
- Report any unsafe conditions or incidents related to the product to the appropriate authorities.

### Specific Safety Precautions for Use

- Only install the Toolless Buttpad Height Kit on compatible KRG chassis: Xray, Bravo, and 180Alpha.
- Ensure that the buttpad is securely attached before use to prevent accidental detachment.
- Adjust the buttpad height and cant carefully to avoid sudden movements that could lead to loss of control.
- Do not exceed the recommended height and cant adjustments as specified in the installation instructions.
- Avoid using the product in extreme weather conditions that could affect its performance.

### Instructions for Installation and Usage

#### Installation Steps

1. **Preparation:** Gather all necessary tools and components. Ensure you have your existing buttpad available for installation.
2. **Remove Existing Buttpad:** Detach the existing buttpad from the chassis according to the manufacturer's instructions.
3. **Install the Mount Plate:**
  - Align the Whiskey3 mount plate with the chassis.
  - Secure the mount plate using the provided fasteners. Ensure they are tightened properly.
4. **Attach the Buttpad:**
  - Position your existing buttpad onto the newly installed mount plate.
  - Make sure it is aligned and secure.
5. **Adjust Height and Cant:**
  - Use the toolless adjustment mechanism to set the desired height and cant.
  - Test the adjustment to ensure it is secure before use.

#### Usage Tips

- When transitioning between shooting positions (e.g., seated to prone), adjust the buttpad height as necessary for optimal comfort and stability.
- Regularly check the adjustment mechanism for any signs of wear or loosening.

### Disposal Instructions

- Dispose of the product in accordance with local regulations.

- Do not dispose of the product in household waste. Check for recycling options or designated disposal sites for electronic and metal components.

## **Contact Information for Further Support**

For further assistance, please refer to the manufacturer's website or contact their customer support team. Ensure you have your product details ready for reference.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your Toolless Buttpad Height Kit. Always prioritize safety and report any concerns to the appropriate authorities. Thank you for choosing our product!
