

CORDED FOAM EAR PLUGS - WALKERS GAME EAR CORDED FOAM EAR PLUGS-50 PAIR BUCKET

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Ear Plugs](#)

A Pair of Foam Earplugs You Won't Easily Lose

Foam earplugs are designed to conform to the shape of a shooter's ear, so they won't fall out, but many shooters often remove an earplug to better-hear a friend or range-safety officer throughout their shooting session. What happens if you lose that one plug? With the Walkers Corded Foam Earplugs, you don't have to worry about that situation, since these plug pairs are tethered to each other at all times. The plugs provide 32 decibels of sound reduction, and the 24-inch cord won't get in the way of your shooting setup. These plugs can be had in packs of five pairs or in a 50-pair jar.

Safety Instruction Guide for Walkers Corded Foam Ear Plugs

Introduction

Thank you for choosing Walkers Corded Foam Ear Plugs. These ear plugs are designed to provide effective noise reduction while ensuring comfort and convenience during use. This guide contains important safety instructions and usage information to help you use the product safely and effectively.

General Safety Guidelines

- Always ensure that the ear plugs fit snugly in your ears to maximize sound reduction.
- Do not use the ear plugs if you have an ear infection or any condition that may be aggravated by their use.
- Keep the ear plugs out of reach of children to prevent choking hazards.
- Regularly inspect the ear plugs for wear and tear. Replace them if they show signs of damage.
- Follow local regulations regarding the use of ear protection in shooting ranges or other loud environments.

Specific Safety Precautions for Use

- Ensure that the ear plugs are clean before each use to prevent ear infections.
- Do not share ear plugs with others to reduce the risk of transmitting infections.
- Avoid using the ear plugs while swimming or in environments where they may become wet.
- If you experience discomfort, pain, or irritation while using the ear plugs, remove them immediately and consult a healthcare professional.
- Be cautious when removing the ear plugs to avoid injury to your ear canal.

Instructions for Installation and Usage

1. Before Use:

- Wash your hands thoroughly to ensure they are clean.
- Inspect the ear plugs for any visible damage.

2. Inserting the Ear Plugs:

- Roll the ear plug into a thin, creasefree cylinder using your fingers.
- With one hand, reach over your head and pull up on the top of your ear to open the ear canal.
- With the other hand, insert the rolled ear plug into the ear canal, and hold it in place until it expands and fits snugly.

3. Removing the Ear Plugs:

- Grasp the ear plug gently and twist it to break the seal before pulling it out.
- Avoid pulling on the cord to remove the plugs, as this may cause discomfort or injury.

4. Using the Cord:

- The 24inch cord is designed to keep the ear plugs together, reducing the risk of losing one.
- Ensure the cord does not interfere with your shooting setup or other activities.

Disposal Instructions

- Dispose of used ear plugs in accordance with local regulations.
- Do not flush ear plugs down the toilet.
- If the ear plugs are damaged or worn out, place them in the trash.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Walkers Corded Foam Ear Plugs, please contact the appropriate EUbased contact point.

Conclusion

By following these safety instructions, you can ensure the proper use of Walkers Corded Foam Ear Plugs, maximizing their effectiveness while minimizing risks. Always prioritize safety and comfort during your shooting sessions or any other noisy environments. Thank you for your attention to these guidelines.
