

TECHNICAL GLOVES 2.0 - MAGPUL TECHNICAL GLOVE 2.0 COYOTE LARGE 1-PAIR

[Shooting Accessories](#) > [Apparel](#) > [Accessories](#) > [Gloves](#)

The most lightweight and tactile glove in the Magpul lineup, the Magpul Technical Glove 2.0 offers abrasion protection with maximum dexterity. Fitted with durable synthetic construction, suede-backed thumbs, and a compression-molded neoprene cuff to provide a second-skin fit. To help you keep your grip when things are slick, Magpul has included a tough, suede palm. The narrow forefinger maintains your range of motion for better control of your firearm's trigger and selector. The thumb, index, and middle fingers on both hands are also touchscreen compatible. Magpul's Technical Glove 2.0 is versatile enough to perform in almost any environment while keeping your hands from taking a beating. Protects active hands with minimum impact on fine motor skills. Narrow forefinger for easy access and better control of your firearm's trigger and selector. Ambidextrous three-finger touchscreen capability. Compression-molded neoprene cuff for secure fit. Corded nylon construction for back-of-hand stretch and enhanced durability. Reinforced suede pull tab. Suede-backed thumb area to quickly remove fogging on hunting optics and glasses.

Safety Instruction Guide for Magpul Technical Gloves 2.0

Introduction

Thank you for choosing the Magpul Technical Gloves 2.0. Designed for maximum dexterity and protection, these gloves are perfect for various environments and activities. This guide provides essential safety instructions to ensure safe use and maintenance of your gloves, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the gloves fit properly to maintain dexterity and grip.
- Regularly inspect the gloves for any signs of wear or damage before each use.
- Keep the gloves clean and dry to maintain their performance and longevity.
- Store the gloves in a cool, dry place away from direct sunlight.
- Follow all manufacturer recommendations for use and care.

Specific Safety Precautions for Use

- Avoid using the gloves in environments with extreme temperatures that may compromise their integrity.
- Do not use the gloves for tasks that require high levels of cut resistance or chemical protection unless specified.
- Be cautious when handling sharp objects or tools to prevent punctures or tears in the glove material.
- Ensure that your hands are clean and dry before wearing the gloves to enhance grip and comfort.
- Do not use the gloves while operating machinery that requires barehand sensitivity unless specifically designed for that purpose.

Instructions for Installation and Usage

1. Putting on the Gloves:

- Ensure your hands are clean and dry.
- Open the glove cuff and slide your hand into the glove.
- Adjust the cuff for a snug fit around your wrist to prevent debris from entering.

2. Using the Gloves:

- Use the gloves as intended, ensuring that they are suitable for the task at hand.
- Maintain awareness of your surroundings and the tools you are using to avoid accidents.

3. Removing the Gloves:

- Carefully peel the gloves off, starting from the cuff.
- Avoid pulling too hard to prevent damage to the gloves.

Disposal Instructions

- When the gloves are no longer usable, dispose of them in accordance with local regulations.
- Check if the gloves can be recycled; if not, dispose of them with general waste.
- Do not burn the gloves as this may release harmful substances.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Magpul Technical Gloves 2.0, please contact the manufacturer directly through their official website or customer service channels.

By following these guidelines, you can ensure the safe use of your Magpul Technical Gloves 2.0 while enjoying their benefits and features. Always prioritize safety and stay informed about any updates or recalls regarding your product.
