A Dedicated Distance-Capable Optic for Long-Range Hunters

As rifles and ammunition become more capable of accurately and consistently dropping game at extended distances, long-range hunters have a need for an optic that provides the clarity and magnification they need to get on target. Too, long-range competition shooters are in need of an optimized riflescope that ensures their ability to ring steel at the outer limits of their rifle's range. The US Optics TS-20X is the perfect option for the range or field rig. The US Optic TS-20X's construction on a large 34mm tube ensures that it'll be tough enough to withstand rugged use in the field, as well as leave room for the increased adjustment needed to land rounds at long range. Available in a 2.5-20X magnification range, this optic provides the power necessary to dial-in that extreme shot while allowing shooters to back off for a better view downrange. Length: 14.64 inches Tube size: 34mm Weight: 28.7 ounces Adjustment value: 1/4 MOA; 1/10 MIL Available with four different reticle options, the US Optic TS-20X features an illuminated reticle that provides a clearly marked center dot for easy aiming in any lighting conditions. No matter what model you choose, all TS-20X reticles are located in the first focal plane, so you know your in-reticle subtensions are accurate at any magnification power.

Attributes

- Name: [2.5-20X50MM FFP ILLUMINATED GENIIXR RETICLE BLACK](#)
- Manufacturer: [US OPTICS](#)
- Product no.: 100042239

TS20X 2.520X50MM FFP Illuminated Rifle Scope

Safety Instructions

Introduction

Thank you for choosing the TS20X 2.520X50MM FFP Illuminated Rifle Scope. This product is designed for precision shooting in various conditions. To ensure your safety and the optimal performance of your rifle scope, please read this safety instruction guide carefully.

General Safety Guidelines

- **Product Safety:** This rifle scope is built to meet safety standards for nonfood products. Ensure safe usage following the guidelines provided.
- **Enhanced Recalls:** Be aware that any recalls will be communicated through standardized notices. Always check for updates regarding your product.
- **Online Shopping:** If purchased online, ensure that the platform follows safety requirements equivalent to those of physical stores.
- **Special Consumer Focus:** Extra precautions should be taken if the product is used by children or vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point.
- **Rapid Alerts:** Stay informed about unsafe products through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using this rifle scope.
- **Check for Damage:** Before use, inspect the scope for any signs of damage. Do not use if damaged.
- **Proper Mounting:** Ensure the scope is properly mounted to your firearm to avoid accidents.
- **Secure Storage:** Store the scope in a safe and dry place when not in use to prevent damage.
- **Avoid Extreme Conditions:** Do not expose the scope to extreme temperatures or moisture that may affect its performance.
- **Child Safety:** Keep the scope out of reach of children to prevent accidental use.

Instructions for Installation and Usage

1. Mounting the Scope:

- Choose a compatible mounting base for your firearm.
- Align the scope in the rings and tighten the screws evenly.
- Ensure the scope is level before fully tightening.

2. Adjusting the Scope:

- Use the adjustment turrets to calibrate the scope for windage and elevation.
- Each click on the adjustment value corresponds to 1/4 MOA or 1/10 MIL.

3. Illumination Settings:

- To activate the illuminated reticle, locate the illumination control.
- Adjust the brightness level according to the lighting conditions.

4. Zeroing the Scope:

- Fire a group of shots at a target to determine the point of impact.

- Adjust the turrets accordingly to align the reticle with the point of impact.

5. **Using the Scope:**

- Always ensure your firearm is pointed in a safe direction.
- Look through the scope and adjust the magnification as needed.
- Use the clearly marked center dot for aiming.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the scope in accordance with local regulations regarding electronic waste.
- **Battery Disposal:** Dispose of the CR2032 battery responsibly. Do not throw it in regular trash. Follow local guidelines for battery recycling.

Contact Information for Further Support

For any questions or concerns regarding the TS20X Rifle Scope, please refer to the manufacturer's website or contact their customer support. It is important to ensure you have the most accurate and up-to-date information regarding your product.

By following these guidelines, you can ensure a safe and enjoyable experience with your TS20X 2.520X50MM FFP Illuminated Rifle Scope. Thank you for your attention to these safety instructions.
