A Dedicated Distance-Capable Optic for Long-Range Hunters

As rifles and ammunition become more capable of accurately and consistently dropping game at extended distances, long-range hunters have a need for an optic that provides the clarity and magnification they need to get on target. Too, long-range competition shooters are in need of an optimized riflescope that ensures their ability to ring steel at the outer limits of their rifle's range. The US Optics TS-20X is the perfect option for the range or field rig. The US. Optic TS-20X's construction on a large 34mm tube ensures that it'll be tough enough to withstand rugged use in the field, as well as leave room for the increased adjustment needed to land rounds at long range. Available in a 2.5-20X magnification range, this optic provides the power necessary to dial-in that extreme shot while allowing shooters to back off for a better view downrange. Length: 14.64 inches Tube size: 34mm Weight: 28.7 ounces Adjustment value: 1/4 MOA; 1/10 MIL Available with four different reticle options, the US Optic TS-20X features an illuminated reticle that provides a clearly marked center dot for easy aiming in any lighting conditions. No matter what model you choose, all TS-20X reticles are located in the first focal plane, so you know your in-reticle subtensions are accurate at any magnification power.

Attributes

- Name: [2.5-20X50MM FFP ILLUMINATED JVCR RETICLE BLACK](#)
- Manufacturer: [US OPTICS](#)
- Product no.: 100042242
- Mfr. No.: TS-20X JVCR
- Battery: CR-2032
- Click Value: 0.1 MRAD
- Click Value: 0.1 MRAD
- Eye Relief: 3.0",2.0"
- Finish: Black
- Focal Plane: First
- Illumination: Yes
- Length: 14.64"
- Max Magnification: 20x
- Min. Magnification: 2.5x
- Model Number: TS-20X
- Objective Size: 50mm
- Tube Size: 34mm
- Weight: 28.7 oz
- Delivery weight: 1.651kg
- Shipping height: 140mm
- Shipping width: 127mm
- Shipping length: 508mm
- UPC: 811069021710

Item details

This product contains a battery.

TS20X 2.520X50MM FFP Illuminated Rifle Scope

Safety Instructions

Introduction

Thank you for choosing the TS20X 2.520X50MM FFP Illuminated Rifle Scope. This guide aims to provide you with essential safety instructions to ensure the safe and effective use of your product. Please read this manual carefully before using the rifle scope to understand the safety guidelines and operational instructions.

General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding the use of rifles and optics.
- Always handle firearms and optics with care and respect.
- Keep the rifle scope out of reach of children and unauthorized users.
- Do not use the rifle scope for any purpose other than its intended use.
- Regularly inspect the rifle scope for any signs of damage or wear before each use.
- Store the rifle scope in a secure location when not in use to prevent unauthorized access.

Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using firearms equipped with the rifle scope.
- **Mounting:** Ensure the rifle scope is securely mounted to the rifle. A loose mount can affect accuracy and safety.
- **Adjustment:** Make adjustments to the scope only when the rifle is pointed in a safe direction.
- **Illumination:** Use the illuminated reticle feature responsibly. Avoid using the illumination in situations where it may cause distraction or impair your vision.
- **Weather Conditions:** Be cautious when using the rifle scope in adverse weather conditions. Moisture or fog can affect visibility.
- **Cleaning:** Use a soft, lintfree cloth to clean the lenses. Avoid using harsh chemicals or abrasive materials.

Instructions for Installation and Usage

1. Installation:

- Ensure the rifle is unloaded before installation.
- Mount the rifle scope on the rifle using appropriate rings and bases, following the manufacturer's instructions.
- Tighten all screws securely but do not overtighten to avoid damaging the scope or mounting hardware.

2. Usage:

- Adjust the magnification by rotating the magnification ring to the desired power.
- Use the parallax adjustment (if available) to enhance clarity at different distances.
- Align the reticle with your target, ensuring that your eye is positioned correctly for optimal viewing.
- Utilize the illuminated reticle in lowlight conditions for improved targeting.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and battery disposal.

- Remove the battery (CR2032) before disposal to prevent environmental contamination.
- Do not dispose of the rifle scope in regular household waste. Check for local recycling programs for optics and electronic devices.

Contact Information for Further Support

For any questions or concerns regarding the TS20X rifle scope, please refer to the manufacturer's website or contact their customer support for assistance.

Please remember that your safety and the safety of others are paramount. By following these guidelines, you can ensure a safe and enjoyable experience with your TS20X 2.520X50MM FFP Illuminated Rifle Scope.
