[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

A Perfect Optic for Long-Range Hunting or Shooting

Having more magnification in the field or at a competition shoot can be a helpful advantage in certain scenarios, and with an optic that has a wide enough magnification range, you can get the best of all worlds in one scope. The US Optics TS-25X is designed to provide that versatility in an optic that works as well on a hunting rig as it does on a long-range precision platform. The US. Optic TS-25X's construction on a large 30mm tube ensures that it'll be tough enough to withstand rugged use in the field, as well as leave room for the increased adjustment needed to land rounds at long range. Available in a 5-25X magnification range, this optic provides the power necessary to dial-in that extreme shot while allowing shooters to back off for a better view downrange. Length: 14.17 inches Tube size: 30mm Weight: 27.3 ounces Adjustment value: 1/10 MIL Available with either a Carolina Mil Scale or JVCR reticle, the US Optic TS-25X features illumination that provides a clearly marked center dot for easy aiming in any lighting conditions. No matter what model you choose, all TS-25X reticles are located in the first focal plane, so you know your in-reticle subtensions are accurate at any magnification power.

TS25X 525X50MM FFP ILLUMINATED RIFLE SCOPE

Safety Instruction Guide

Introduction

Thank you for choosing the TS25X 525X50MM FFP Illuminated Rifle Scope. This guide provides essential safety information and instructions to ensure safe and effective use of your new optic. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the scope is used solely for its intended purpose.
- Always handle the rifle and scope with care to prevent accidents.
- Keep the scope and any accessories out of reach of children and unauthorized users.
- Regularly inspect the scope for any signs of damage or wear. Do not use if damaged.
- Follow all local laws and regulations regarding the use of firearms and optics.

Specific Safety Precautions for Use

- **Magnification Use:** Be mindful when adjusting the magnification. Higher magnification can reduce the field of view and may lead to misjudgment of distances.
- **Illumination:** Use the illumination feature wisely. Excessive brightness can lead to eye strain. Adjust the brightness according to lighting conditions.
- **Eye Relief:** Maintain a proper eye relief distance of 3.0 inches to prevent injury from recoil.
- **Weather Conditions:** Avoid using the scope in extreme weather conditions such as heavy rain or fog, which may impair visibility.
- **Maintenance:** Clean the scope with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials that may damage the lens or finish.

Instructions for Installation and Usage

1. Installation:

- Mount the scope securely on your rifle using appropriate rings or mounts.
- Ensure that the scope is level and aligned with the rifle bore.
- Tighten all screws and fittings firmly but avoid overtightening, which may damage the scope or rifle.

2. Usage:

- Adjust the magnification according to your shooting needs.
- Use the reticle for aiming. The TS25X features a clearly marked center dot for improved accuracy.
- Familiarize yourself with the adjustment controls for windage and elevation. Make small adjustments and test for accuracy.
- Always ensure that the rifle is pointed in a safe direction when adjusting the scope.

Disposal Instructions

- Dispose of the scope and any electronic components responsibly.
- Follow local regulations for the disposal of electronic waste.
- Remove batteries before disposal and recycle them according to local guidelines.

Contact Information for Further Support

For any safety inquiries or support regarding the TS25X scope, please refer to the manufacturer's contact details provided with your purchase.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your TS25X 525X50MM FFP Illuminated Rifle Scope. Always prioritize safety and compliance with local laws when using firearms and optics. Thank you for your attention to these important guidelines.
