A Perfect Optic for Long-Range Hunting or Shooting

Having more magnification in the field or at a competition shoot can be a helpful advantage in certain scenarios, and with an optic that has a wide enough magnification range, you can get the best of all worlds in one scope. The US Optics TS-25X is designed to provide that versatility in an optic that works as well on a hunting rig as it does on a long-range precision platform. The US. Optic TS-25X's construction on a large 30mm tube ensures that it'll be tough enough to withstand rugged use in the field, as well as leave room for the increased adjustment needed to land rounds at long range. Available in a 5-25X magnification range, this optic provides the power necessary to dial-in that extreme shot while allowing shooters to back off for a better view downrange. Length: 14.17 inches Tube size: 30mm Weight: 27.3 ounces Adjustment value: 1/10 MIL Available with either a Carolina Mil Scale or JVCR reticle, the US Optic TS-25X features illumination that provides a clearly marked center dot for easy aiming in any lighting conditions. No matter what model you choose, all TS-25X reticles are located in the first focal plane, so you know your in-reticle subtensions are accurate at any magnification power.

TS25X 525X50MM FFP ILLUMINATED RIFLE SCOPE

Safety Instruction Guide

Introduction

Thank you for choosing the TS25X 525X50MM FFP Illuminated Rifle Scope. This guide provides essential safety information and instructions to ensure the safe use of your scope. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the rifle scope is used only for its intended purpose.
- Always handle firearms and accessories with care.
- Keep the scope and all accessories out of reach of children and vulnerable individuals.
- Regularly inspect the scope for any signs of damage or wear.
- Follow all local laws and regulations regarding the use of firearms and optical devices.
- Be aware of your surroundings and ensure a safe shooting environment at all times.

Specific Safety Precautions for Use

- Do not look directly at the sun through the scope, as this can cause permanent eye damage.
- Use the scope only on firearms that are compatible with its specifications.
- Ensure that the scope is securely mounted before use to prevent accidents.
- Avoid exposing the scope to extreme temperatures or harsh weather conditions.
- Clean the scope with a soft, dry cloth to prevent scratches; do not use harsh chemicals or solvents.
- If you notice any malfunction or damage, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

1. Installation

- Ensure that the firearm is unloaded before attaching the scope.
- Use the appropriate rings and mounts compatible with a 30mm tube.
- Securely attach the scope to the rifle according to the manufacturer's instructions.
- Adjust the eye relief to ensure a comfortable viewing position.

2. Usage

- Adjust the magnification settings according to your shooting requirements.
- Use the illumination feature for better visibility in lowlight conditions.
- Familiarize yourself with the reticle markings for accurate aiming.
- Always maintain a proper shooting stance and alignment with the target.
- After use, store the scope in a protective case to prevent damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the scope in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support regarding this product, please refer to the manufacturer's contact information provided in the product packaging or visit the manufacturer's website.

Thank you for prioritizing safety while using the TS25X 525X50MM FFP Illuminated Rifle Scope. Your attention to these guidelines will help ensure a safe and enjoyable experience.
