The Breek Arms WARHAMMER MOD2 ambi charging handle is a simple and affordable upgrade that will substantially increase the use of your AR-15. Easily grab on either side of the handle and you can quickly charge your rifle even with large gloves with the textured grooves that are cut into the latch handles. The wide set-back latches work great for large optics. The low profile design keeps it slim and sleek looking without sacrificing functionality. Made entirely out of 7075 aluminum for added strength and durability! The new MOD2 design features improvements for further reducing gas blowback in the shooter's face. The relief cuts on the top and bottom of the stem are designed to help direct extra gas out the side and away from your face. And for any gas that does manage to go straight back, we increased the height of the shelf to better cover the back of the upper. These modifications help improve the shooting experience, especially when shooting suppressed!

Safety Instruction Guide for AR15 WARHAMMER MOD2 Ambidextrous Charging Handle

Introduction

Thank you for choosing the AR15 WARHAMMER MOD2 Ambidextrous Charging Handle from Breek Arms. This product is designed to enhance your shooting experience and improve the functionality of your AR15 rifle. To ensure your safety and the proper use of this product, please read this instruction guide carefully.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that the charging handle is properly installed before use.
- Avoid using the product in wet or damp conditions to prevent corrosion.
- Regularly inspect the charging handle for wear and damage.
- Use only with compatible AR15 models.
- Store the product in a secure location, away from children and unauthorized users.
- Familiarize yourself with your firearm's manual for additional safety instructions.

Specific Safety Precautions for Use

- *Handling with Gloves:* The textured grooves on the charging handle are designed for use with gloved hands. Ensure that your gloves are not excessively thick, which could impair your grip.
- *Optics Clearance:* The wide setback latches are optimized for use with large optics. Ensure that your setup does not obstruct the charging handle during operation.
- *Gas Blowback:* The MOD2 design helps reduce gas blowback. However, be aware that some gas may still escape towards the shooter. Always maintain a proper shooting stance to mitigate any discomfort.
- *Installation:* Follow the installation instructions closely to avoid improper fitting, which could lead to malfunctions.

Instructions for Installation and Usage

Installation Instructions

1. **Ensure Safety:** Make sure the firearm is unloaded and pointed in a safe direction.
2. **Remove Old Charging Handle:** If applicable, remove the existing charging handle by pulling it out of the receiver.
3. **Insert New Charging Handle:** Align the new charging handle with the receiver and slide it into the charging handle slot.
4. **Check Fit:** Ensure the charging handle is securely fitted and operates smoothly.
5. **Test Functionality:** Perform a function check to confirm that the charging handle operates correctly.

Usage Instructions

- To charge the rifle, grip the charging handle with one hand and pull it back firmly.
- Release the handle to allow it to return to its original position.
- If using gloves, ensure your grip is secure and comfortable.
- After use, ensure that the firearm is cleared and stored safely.

Disposal Instructions

- Dispose of the product in accordance with local regulations.

- Do not dispose of the charging handle in regular household waste.
- If the product is damaged or no longer functional, consider recycling options for aluminum materials.
