

FOAM EAR PLUGS BLUE W/ ORANGE CARRY CANNISTER 7-PK

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Ear Plugs](#)

A Set of No-Frills, Effective Foam Earplugs

Hate losing one of your earplugs while you're on the range? The Walkers Protek Neckband Ear Plugs are designed to keep your hearing protection connected and together while you're at the range, ensuring that they're always within easy reach. The neckband attachment provides a connection between each earplug that won't get in the way of your shooting, and a pair of replacement plugs are included to keep your hearing-protection at peak performance. The black plugs provide a noise-reduction rating of 25 decibels.

Safety Instruction Guide for FOAM EAR PLUGS

Introduction

Thank you for choosing the FOAM EAR PLUGS BLUE W/ ORANGE CARRY CANNISTER 7PK. These ear plugs are designed to provide effective hearing protection while you are at the range or in noisy environments. This guide contains important safety instructions and information to ensure you use the product safely and effectively.

General Safety Guidelines

- Ensure that the ear plugs are suitable for your use and fit properly to provide optimal noise reduction.
- Always inspect the ear plugs for any damage or wear before each use.
- Keep ear plugs out of reach of children and pets to prevent accidental ingestion.
- Follow all local regulations and guidelines regarding hearing protection in your area.

Specific Safety Precautions for Use

- Do not use the ear plugs if they are damaged or show signs of wear.
- Avoid using the ear plugs in environments where there are other hazards that could cause injury (e.g., machinery).
- Be aware that the noise reduction rating (NRR) is 33 dB; this means that while the ear plugs reduce noise, they do not eliminate it completely. Always remain alert to your surroundings.
- If you experience discomfort or pain while using the ear plugs, remove them immediately and consult with a healthcare professional if necessary.

Instructions for Installation and Usage

1. Preparation:

- Ensure your hands are clean before handling the ear plugs.
- Inspect the ear plugs for any visible damage or defects.

2. Inserting the Ear Plugs:

- Roll the ear plug between your fingers to compress it.
- With the opposite hand, reach over your head and pull the top of your ear back to straighten the ear canal.
- Insert the compressed ear plug into your ear canal and hold it in place until it expands and forms a seal.

3. Removing the Ear Plugs:

- Grasp the ear plug and gently twist it while pulling it out to avoid any discomfort.
- Clean your hands after removing the ear plugs.

4. Storage:

- Store the ear plugs in the provided orange carry canister when not in use to protect them from dirt and damage.

Disposal Instructions

- Dispose of used ear plugs in accordance with local waste regulations.
- Do not throw ear plugs in the recycling bin unless specified by local guidelines.

Contact Information for Further Support

For any safety inquiries or additional information regarding the product, please refer to the EU contact point provided by the manufacturer.

Conclusion

Following these safety instructions will help ensure that you use the FOAM EAR PLUGS safely and effectively. Always stay informed about the latest safety updates and product recalls through the EU's Safety Gate platform. Thank you for prioritizing your hearing protection!
