

GEN-2 ENHANCED FREE FLOATING HANDGUARDS FOR AR-15 - AERO PRECISION GEN-2 ENHANCED 9.3" M-LOK HANDGUARD FREE FLOAT FOR AR-15 FDE

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Aeros' Enhanced M-LOK (EM) Handguards provide a lightweight free float design for your custom AR15 build. The M-LOK system allows advanced modularity past the current 1913 picatinny rail system. Machined to mil-spec dimensions and engineered to perfection, this handguard eliminates bulk while retaining strength and stability. FEATURES: 1pc free float design Built in anti-rotation tabs Scalloped rails Continuous top rail 1.78" inside diameter fits most muzzle devices and 1.5" suppressors Compatible with low profile gas blocks GEN-2 FEATURES Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Additional milling along flats to aid with gripping and add visual appeal New profile for the continuous picatinny top rail PLEASE NOTE: This handguard is specific to the AR15/M4E1 platform. It is not compatible with the M5 .308/M5E1 platform.

Safety Instruction Guide for GEN2 Enhanced Free Floating Handguards for AR15

Introduction

Thank you for choosing the GEN2 Enhanced Free Floating Handguards for AR15. This product is designed to enhance your shooting experience by providing a lightweight and durable handguard for your firearm. Please read this safety instruction guide carefully to ensure safe and proper usage of the product.

General Safety Guidelines

- Ensure you are familiar with the firearm's operation and safety features before installing the handguard.
- Always handle firearms with care and follow all safety protocols.
- Keep the handguard and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the handguard and firearm for any signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- The handguard is compatible only with the AR15/M4E1 platform. Do not attempt to use it with the M5 .308/M5E1 platform.
- Ensure proper installation to avoid any risk of the handguard loosening during use.
- Avoid using the handguard with accessories that exceed the manufacturer's specifications.
- Be cautious when using muzzle devices and suppressors to prevent overheating.
- Always wear appropriate eye and ear protection when using your firearm.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools for installation, including a torque wrench and appropriate Allen keys.
- Ensure the firearm is unloaded and in a safe condition before starting the installation.

2. Installation Steps

- Remove the existing handguard from your AR15 by detaching any screws or retaining clips.
- Align the GEN2 handguard with the upper receiver, ensuring the antirotation tabs fit securely.
- Tighten all screws to the manufacturer's torque specifications using the torque wrench.
- Check for proper alignment and stability of the handguard before use.

3. Usage Tips

- Utilize the builtin quick disconnect sling sockets for secure attachment of slings.
- Avoid placing excessive weight on the handguard to maintain its integrity and performance.
- Regularly check the handguard for any looseness or wear, especially after heavy use.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations regarding metal and plastic waste.
- Do not incinerate the handguard, as it may release harmful substances.
- Consider recycling the material where applicable to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the GEN2 Enhanced Free Floating Handguards, please refer to the manufacturer's contact information provided with your product packaging. It is important to reach out for assistance if you have any safety inquiries or require additional support.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your shooting experience!
