

GEN-2 ENHANCED FREE FLOATING HANDGUARDS FOR AR-15 - AERO PRECISION GEN-2 ENHANCED 12.7" M-LOK HANDGRD FREE FLOAT FOR AR-15 FDE

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Aeros' Enhanced M-LOK (EM) Handguards provide a lightweight free float design for your custom AR15 build. The M-LOK system allows advanced modularity past the current 1913 picatinny rail system. Machined to mil-spec dimensions and engineered to perfection, this handguard eliminates bulk while retaining strength and stability. FEATURES: 1pc free float design Built in anti-rotation tabs Scalloped rails Continuous top rail 1.78" inside diameter fits most muzzle devices and 1.5" suppressors Compatible with low profile gas blocks GEN-2 FEATURES Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Additional milling along flats to aid with gripping and add visual appeal New profile for the continuous picatinny top rail PLEASE NOTE: This handguard is specific to the AR15/M4E1 platform. It is not compatible with the M5 .308/M5E1 platform.

Safety Instruction Guide for GEN2 Enhanced Free Floating Handguards for AR15

Introduction

Thank you for choosing the GEN2 Enhanced Free Floating Handguards for your AR15. This guide provides essential safety information and instructions to ensure the safe use of this product. Please read and follow all instructions carefully.

General Safety Guidelines

- Ensure that the handguard is compatible with your AR15/M4E1 platform before use. This handguard is not compatible with the M5 .308/M5E1 platform.
- Always handle firearms with care and follow all applicable laws and regulations.
- Keep the handguard and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the handguard for any signs of wear, damage, or loose fittings before each use.
- If you notice any defects or issues, do not use the handguard and contact a qualified gunsmith for evaluation.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or adjusting the handguard.
- Use appropriate tools when installing the handguard to avoid injury or damage to the product.
- Be aware of sharp edges on the handguard during installation and handling.
- Do not exceed the manufacturer's recommended weight limit for accessories mounted on the handguard.
- Use caution when attaching or detaching accessories to prevent pinching or injury.
- Ensure that all screws and fittings are tightened to the manufacturer's specifications to avoid accidents during use.

Instructions for Installation and Usage

1. Preparation

- Ensure the AR15 is unloaded and pointed in a safe direction.
- Gather necessary tools, including a torque wrench and appropriate screwdrivers.

2. Installation Steps

- Remove the existing handguard by loosening and removing the screws or clamps holding it in place.
- Clean the barrel nut area to ensure a proper fit for the new handguard.
- Align the GEN2 Enhanced Handguard with the barrel nut, ensuring that the antirotation tabs are correctly positioned.
- Secure the handguard by tightening the screws to the manufacturer's specifications using a torque wrench. Do not overtighten.
- Verify that the handguard is securely attached and does not move.

3. Usage

- Once installed, ensure that the handguard is free of any obstructions before firing the firearm.
- Use the continuous top rail for mounting optics and accessories as needed, ensuring they are

securely attached.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations regarding electronic waste and materials.
- If the handguard is damaged beyond repair, contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the GEN2 Enhanced Free Floating Handguards, please refer to the manufacturer's website or contact their support team for assistance.
