

ATLAS S-ONE M-LOK FREE FLOATING HANDGUARD FOR AR-15 - AERO PRECISION ATLAS S-ONE 10.3" HANDGUARD M-LOK FREE FLOAT FOR AR-15 FDE

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Not Your Average Handguard

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Actual Handguard Lengths: 7.3", 9.3", 10.3", 12.7", 15" -- Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Available in M-LOK profiles with 7.3", 9.3", 10.3", 12.7" and 14.94 (Actual Length 15") options. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 7.3" - 4.86 oz / 9.3" - 5.47 oz / 10.3" - 6.0 oz / 12.7" - 7.00 oz / 15" - 7.95 oz Mounting Hardware Weight: 1.9 oz (same across all S-ONE Handguard options) FEATURES: Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. Please note: The ATLAS Handguards are NOT compatible with Aero's M4E1 Enhanced Upper Receiver.

ATLAS SONE MLOK Free Floating Handguard

Safety Instructions

Introduction

Thank you for choosing the ATLAS SONE MLOK Free Floating Handguard for your AR15. This product is designed to enhance your firearm experience while prioritizing safety and performance. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that you are familiar with your firearm and its components before installing or using the ATLAS SONE Handguard.
- Always handle firearms with care and follow all safety protocols.
- Store this product in a secure location, away from children and unauthorized users.
- Regularly inspect the handguard and all mounting hardware for signs of wear or damage before each use.
- If you notice any defects or issues, do not use the handguard and contact a qualified gunsmith for assistance.

Specific Safety Precautions for Use

- Do not exceed the manufacturer's specified weight limits for accessories mounted on the handguard.
- Always ensure that the handguard is properly installed and securely fastened to prevent accidents during use.
- Use only compatible accessories with the MLOK slots to avoid compromising the integrity of the handguard.
- Avoid using the handguard in extreme temperatures or environments that may affect its performance.
- Ensure that the handguard does not interfere with the operation of your firearm, including the gas system and charging handle.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including an appropriate wrench for the barrel nut and a torque wrench for secure installation.
- Ensure that your firearm is unloaded and in a safe condition.

2. Installation:

- Remove the existing handguard from your AR15 by loosening the mounting hardware.
- Install the ATLAS barrel nut onto the receiver, following the manufacturer's torque specifications.
- Align the handguard with the barrel nut and secure it using the provided locking nuts. Ensure even pressure is applied to avoid distortion.
- Use the ratcheting detent to secure the handguard in place.

3. Usage:

- Once installed, ensure that the handguard is securely fastened before using your firearm.
- Regularly check the tightness of the mounting hardware after use, especially after extended shooting sessions.

Disposal Instructions

- Dispose of the ATLAS SONE Handguard and its packaging materials in accordance with local regulations.
- If the product is no longer in use, consider recycling materials where possible.
- Do not dispose of any product components in a manner that could pose a risk to the environment or public safety.

Contact Information for Further Support

- For any questions or concerns regarding the ATLAS SONE Handguard, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you help ensure a safe and enjoyable experience with your ATLAS SONE MLOK Free Floating Handguard. Thank you for your attention to safety.
