PRO 1000 Shell Plates Safety Instructions

Introduction

Thank you for choosing the PRO 1000 Shell Plates by Lee Precision. These shell plates are designed for use with the Lee Pro 1000 Progressive Presses and are essential for converting to different calibers. This guide provides important safety information and instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that the shell plates are compatible with your specific Lee Pro 1000 model.
- Store the shell plates in a dry, cool place away from direct sunlight.
- Keep shell plates out of reach of children and vulnerable individuals.
- Regularly inspect the shell plates for any signs of damage or wear before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Compatibility Check:** Verify that the shell plate is suitable for the caliber you are using (7.62 x 39 mm, 22 PPC, 6mm PPC).
- **Primer Attachment:** If converting to a different caliber with a different primer size, always use the Pro 1000 Primer Attachment to ensure safe operation.
- **Proper Handling:** Handle the shell plates with care to avoid injury. Use appropriate tools if necessary.
- **Avoid Overloading:** Do not exceed the recommended limits for your reloading setup to prevent malfunctions.
- **Eye Protection:** Always wear appropriate eye protection when using reloading equipment.
- **Ventilation:** Ensure that your workspace is wellventilated to avoid inhalation of any fumes or dust.

Instructions for Installation and Usage

1. Installation:

- Ensure the Lee Pro 1000 press is powered off and disconnected from any power source.
- Remove any existing shell plate from the press.
- Align the new shell plate with the mounting points on the press.
- Secure the shell plate in place according to the manufacturer's instructions.

2. Usage:

- Load the appropriate caliber shell into the shell plate.
- Follow the reloading process as specified in the Lee Pro 1000 manual.
- Monitor the operation closely for any abnormalities or issues during use.
- After use, clean the shell plates to remove any debris or residue.

Disposal Instructions

- Dispose of any damaged or worn shell plates in accordance with local regulations.
- Do not throw shell plates in regular household waste if they are contaminated with hazardous materials.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For safety inquiries or further assistance regarding the PRO 1000 Shell Plates, please refer to the manufacturer's contact information provided with the product packaging or visit the official Lee Precision website.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with the PRO 1000 Shell Plates. Thank you for prioritizing safety in your reloading practices.
