# **PACESETTER RIFLE THREEDIE SET Safety Instructions**

## **Introduction**

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This guide provides essential safety instructions and guidelines to ensure the safe use of your reloading equipment. It is important to follow these instructions carefully to avoid potential hazards and ensure a safe reloading experience.

## **General Safety Guidelines**

- Always read and understand the instructions before using the product.
- Store the die set in a cool, dry place away from children and pets.
- Use the product only for its intended purpose.
- Wear appropriate safety gear, such as safety glasses and gloves, when reloading.
- Ensure your workspace is wellventilated and free from clutter.
- Keep the area around the reloading press clear of distractions and hazards.
- Be aware of the potential hazards associated with reloading, including the handling of powders and primers.

## **Specific Safety Precautions for Use**

- Handle all components with care to avoid injury.
- Do not exceed recommended loads as specified in reloading data.
- Ensure that the reloading press is securely mounted before use.
- Inspect all components for damage before each use.
- Keep fingers and hands clear of moving parts during operation.
- Never leave the reloading press unattended while in use.
- In case of any malfunction, stop using the equipment immediately and seek assistance.

## **Instructions for Installation and Usage**

### **1. Installation of the Die Set:**

- Ensure that the reloading press is clean and free of debris.
- Install the Full Length Sizing Die into the press according to the manufacturer's instructions.
- Follow with the Bullet Seating Die and the Factory Crimp Die, ensuring each is tightened securely.
- Attach the Universal Shell Holder to the press, ensuring compatibility with the cartridge.

### **2. Usage Instructions:**

- Measure and prepare your components (brass cases, bullets, and powder).
- Follow the load data provided in the instructions to determine the appropriate powder charge.
- Resize the brass cases using the Full Length Sizing Die.
- Seat the bullets using the Bullet Seating Die, ensuring they are seated to the correct depth.
- Apply a factory crimp using the Factory Crimp Die to ensure the bullet is securely held in place.
- Clean the dies after use to maintain performance and longevity.

## **Disposal Instructions**

- Dispose of any unused or expired components in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash.
- Check with local waste management authorities for proper disposal methods for reloading components.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the contact information provided by your retailer or manufacturer.

By following these guidelines, you can ensure a safer reloading experience with the PACESETTER RIFLE THREEDIE SET. Please remember that safety is your responsibility. Always stay informed and cautious while reloading.
