PACESETTER RIFLE THREEDIE SETS LEE PRECISION .348 WINCHESTER PACESETTER 3DIE SET Safety Instruction Guide

Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This product is designed for reloading .348 Winchester cartridges and includes essential components for safe and effective use. Please read this safety instruction guide carefully to ensure the safe operation of your reloading equipment and to comply with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the reloading die set.
- Use the product only for its intended purpose: reloading .348 Winchester cartridges.
- Keep the product out of reach of children and unauthorized users.
- Ensure your workspace is clean, organized, and free from distractions.
- Wear appropriate safety gear, including safety glasses and gloves, when handling components.
- Regularly check the equipment for wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the reloading press is securely mounted and stable before use.
- Always verify that the correct die is installed for the desired operation (sizing, seating, crimping).
- Do not exceed the recommended load data provided in the instructions.
- Be cautious of lead exposure; wash hands thoroughly after handling lead components.
- Avoid using damaged or worn components; replace them immediately.
- Follow the manufacturer's instructions for cleaning and maintaining the dies.
- Store all components in a dry, secure location to prevent damage or contamination.

Instructions for Installation and Usage

1. Installation of the Dies:

- Ensure the reloading press is turned off and unplugged.
- Select the appropriate die (Full Length Sizing Die, Bullet Seating Die, Factory Crimp Die).
- Using the wrench provided, securely attach the die to the press according to the manufacturer's instructions.
- Insert the Universal Shell Holder into the press.

2. Reloading Process:

- Prepare the cartridge cases by cleaning and inspecting them for defects.
- Insert a cartridge case into the Universal Shell Holder.
- For sizing:
 - Operate the press to size the case using the Full Length Sizing Die.
- For bullet seating:
 - Place the bullet on top of the charged case and operate the press to seat the bullet using the Bullet Seating Die.
- For crimping:
 - Operate the press to apply a crimp using the Factory Crimp Die.

3. PostReloading:

- Inspect completed cartridges for proper seating and crimping.
- Store completed cartridges in a safe, dry place.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of lead or hazardous materials in regular trash.
- Check local guidelines for the proper disposal of reloading materials and components.

Contact Information for Further Support

For any safety inquiries or further assistance, please contact the relevant EUbased support services. Ensure you have your product details ready for efficient support.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. Always prioritize safety and adhere to the guidelines provided. Thank you for your commitment to safe reloading practices.
