

RIFLE FACTORY CRIMP DIES - LEE PRECISION 300 REM ULTRA MAG FACTORY CRIMP DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Lee Factory Crimp Die crimps the bullet in place more firmly than any other tool Tests demonstrate that even bullets which have no crimp groove will shoot more accurately A firm crimp improves accuracy because pressure must build to a higher level before the bullet begins to move. This higher start pressure insures a more uniform pressure curve and less velocity variation Features a collet that squeezes the case mouth into the crimping groove for a firm hold Shellholder not included Fits all 7/8"-14 reloading presses

Attributes

- Name: [LEE PRECISION 300 REM ULTRA MAG FACTORY CRIMP DIE](#)
- Manufacturer: [LEE PRECISION](#)

Safety Instruction Guide for RIFLE FACTORY CRIMP DIES LEE PRECISION 300 REM ULTRA MAG FACTORY CRIMP DIE

Introduction

Thank you for choosing the Lee Factory Crimp Die for your reloading needs. This product is designed to securely crimp bullets in place, enhancing accuracy and performance. However, it is important to follow safety guidelines to ensure safe and effective use.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Use protective eyewear when operating reloading equipment.
- Ensure a clean and organized workspace to prevent accidents.
- Regularly inspect your reloading equipment for signs of wear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

• Hazard Identification:

- The crimp die can create sharp edges; handle with care.
- Improper use can lead to inconsistent bullet seating, which may affect firearm performance.

• To Avoid Hazards:

- Always ensure that the die is securely mounted to the reloading press before use.
- Do not exceed recommended load specifications for your ammunition.
- Ensure that the crimping groove is properly aligned with the case mouth to avoid misfires.
- Avoid using the die with damaged or worn cases.

• AgeSpecific Warnings:

- This product is not intended for use by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is turned off and unplugged.
- Remove any existing dies from the press.
- Insert the Lee Factory Crimp Die into the press, ensuring it is securely tightened.
- Adjust the die to the desired depth according to the manufacturer's guidelines.

2. Usage:

- Prepare your cases by cleaning and inspecting them for damage.
- Insert a case into the shell holder of the press.
- Raise the ram to bring the case into contact with the die.
- Gradually lower the ram to apply the crimp. Ensure that the crimp is firm but not excessive.

- Repeat the process for each case, monitoring for consistency.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in general waste if it contains hazardous materials; check local guidelines for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please refer to the manufacturer's contact information included with your product packaging or visit their website for further assistance.

By following these safety guidelines, you can ensure a safe and effective reloading experience with the Lee Factory Crimp Die. Thank you for your attention to safety.
