

# COLLET NECK SIZER DIES - LEE PRECISION 25/06 COLLET NECK SIZER DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

# Safety Instruction Guide for COLLET NECK SIZER DIES LEE PRECISION 25/06

## Introduction

Thank you for choosing the COLLET NECK SIZER DIES from LEE PRECISION. This product is designed to enhance your reloading experience by providing high precision in ammunition sizing. However, it is essential to follow safety guidelines to ensure safe use and optimal performance.

This guide outlines important safety instructions, usage precautions, and disposal information to help you use the product safely and effectively.

## General Safety Guidelines

- Always read and understand all instructions and warnings before using the product.
- Ensure that the workspace is clean, dry, and welllit to prevent accidents.
- Keep all tools and materials out of reach of children and pets.
- Store the dies in a secure place when not in use to prevent unauthorized access.
- Regularly check the equipment for any signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- When using the COLLET NECK SIZER DIES, always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Ensure that the die is securely mounted before beginning the sizing process to prevent accidents.
- Use only recommended case types (2506 Remington) to avoid compatibility issues.
- Avoid overtightening the die in the press, which can lead to equipment failure or injury.
- Do not attempt to modify or disassemble the dies, as this can create hazards and void warranties.
- Be cautious of the potential for lead exposure when handling ammunition components. Wash hands thoroughly after use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is clean and free of debris.
- Remove any existing dies from the press.
- Insert the COLLET NECK SIZER DIE into the press and tighten securely, following the manufacturer's instructions.
- Adjust the die to the desired height according to the type of ammunition you are reloading.

### 2. Usage:

- Prepare your cases by inspecting them for damage or wear.
- Place a case into the shell holder of the press.
- Operate the press smoothly and steadily, applying even pressure to size the neck of the case.
- After sizing, remove the case and inspect it for proper fit and dimensions.
- Repeat the process for all cases, ensuring that each one is sized correctly.

### 3. PostUsage:

- Clean the dies after use to prevent corrosion and maintain performance.

- Store the dies in a protective case or container to avoid damage.

## **Disposal Instructions**

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of ammunition or reloading components in regular household waste.
- Check with local authorities for specific disposal guidelines for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the COLLET NECK SIZER DIES, please refer to the manufacturer's official website or customer service for assistance. Always ensure you have the product details on hand when seeking support.

By following these guidelines, you can ensure a safe and efficient reloading experience with the COLLET NECK SIZER DIES from LEE PRECISION. Thank you for your attention to safety and responsible use.
