

# 22 CALIBER (0.224") 55GR FMJBT WITH CANNELURE BULLETS - FULL METAL JACKET (0.224") 55GR WITH CANNELURE 6000/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

Hornady 22 Caliber (0.224") 55 grain FMJ bullets are built with a rugged AMP® bullet jacket (Advanced Manufacturing Process) that clearly delivers better performance. The thin-plated full metal jacket offered by other manufacturers is easily distorted and often breaks or separates when the bullet impacts the target. The Hornady AMP bullet jacket features virtually zero tolerance for concentricity and near-zero wall thickness variation, punching through targets without deforming or breaking.

## Attributes

- Name: [FULL METAL JACKET \(0.224"\) 55GR WITH CANNELURE 6000/BOX](#)

# Safety Instruction Guide for Hornady 22 Caliber (0.224") 55GR FMJBT with Cannelure Bullets

## Introduction

Thank you for choosing Hornady 22 Caliber (0.224") 55GR FMJBT with Cannelure Bullets. This guide provides essential safety information and instructions to ensure safe handling and usage of the product. Please read this document thoroughly before using the bullets.

## General Safety Guidelines

- Ensure you are familiar with local laws and regulations regarding the use of ammunition.
- Always treat all ammunition as if it is live and capable of firing.
- Store ammunition in a cool, dry place, away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized persons.
- Inspect bullets for any signs of damage or defects before use.
- Use only in firearms that are designed for the specific caliber and type of bullet.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when handling or using ammunition.
- Do not attempt to modify or alter the bullets in any way.
- Follow the manufacturer's loading data and guidelines for safe reloading practices.
- Ensure that your firearm is in good working condition and is regularly maintained.
- Be aware of your surroundings and ensure that you have a safe backstop when shooting.
- Avoid distractions while handling or using ammunition.

## Instructions for Installation and Usage

### • Loading the Bullets:

- Ensure that the firearm is unloaded before loading bullets.
- Use a clean and dry reloading press that is suitable for the specific caliber.
- Follow the manufacturer's reloading data for proper powder charges and seating depth.
- Ensure that the bullet is seated properly in the cartridge case.

### • Using the Bullets:

- Load the ammunition into the firearm's magazine according to the manufacturer's instructions.
- Always check the chamber to ensure it is clear before loading.
- When ready to shoot, maintain a proper shooting stance and grip on the firearm.
- Aim at the target and ensure a clear line of sight before firing.
- After firing, keep the firearm pointed in a safe direction until you are ready to unload.

## Disposal Instructions

- Dispose of any unused or damaged ammunition in accordance with local laws and regulations.
- Do not throw bullets in regular trash or recycling bins.
- Contact local authorities or hazardous waste disposal facilities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's website or contact your local dealer.

## **Conclusion**

By following these safety instructions, you can ensure a safer experience when using Hornady 22 Caliber (0.224") 55GR FMJBT with Cannelure Bullets. Always prioritize safety and responsible handling practices. Thank you for your attention to these important guidelines.
