# SPARROW ORING PACK SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the SilencerCo Sparrow ORing Pack. This product is designed to maintain the performance of your rimfire suppressors, specifically the Sparrow, Warlock II, and Spectre II models. It is essential to follow the safety instructions and guidelines provided in this manual to ensure safe and effective use of this product.

## General Safety Guidelines

To ensure your safety and the optimal functionality of your suppressor, please adhere to the following guidelines:

- Always use the ORing Pack as intended for your SilencerCo products.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the ORings for wear and tear before each use.
- Do not use damaged or worn ORings, as this may compromise the effectiveness of your suppressor.
- Follow all local laws and regulations regarding the use of suppressors and related accessories.

## Specific Safety Precautions for Use

When using the SPARROW ORING PACK, please observe the following safety precautions:

- Ensure that the suppressor is completely cool before replacing ORings.
- Always wear appropriate safety gear, including eye protection, when handling suppressors.
- Avoid contact with hot surfaces of the suppressor to prevent burns.
- Do not attempt to modify or alter the ORings in any way.
- Use only the ORings provided in this pack to ensure compatibility and safety.

## Instructions for Installation and Usage

To install and use the ORings correctly, follow these steps:

### 1. Preparation:

- Ensure that you have the correct size ORing for your model (two size #13 and two size #18).
- Gather necessary tools, such as a small flathead screwdriver for removal.

### 2. Removing Old ORings:

- Allow the suppressor to cool down completely.
- Carefully remove the old ORings using the screwdriver if necessary. Avoid scratching or damaging the suppressor.

### 3. Installing New ORings:

- Select the appropriate size ORing.
- Place the new ORing into the designated groove on the suppressor.
- Ensure that the ORing is seated properly and evenly around the groove to prevent leaks.

### 4. Final Check:

- Inspect the installation to ensure a snug fit.
- Confirm that there are no gaps or overlaps in the ORing placement.

## **5. Usage:**

- Once the ORings are installed, you may proceed to attach the suppressor to your firearm as per the manufacturer's instructions.
- Always test the suppressor in a safe environment to ensure it is functioning correctly.

## **Disposal Instructions**

When disposing of used ORings, please follow these guidelines:

- Dispose of used ORings in accordance with local waste disposal regulations.
- Do not incinerate ORings, as they may release harmful substances when burned.
- If you are unsure about proper disposal methods, contact your local waste management authority for guidance.

## **Contact Information for Further Support**

For any inquiries regarding the SPARROW ORING PACK or safety concerns, please refer to the product packaging or visit SilencerCo's official website for additional support and resources.

By following these safety instructions, you can ensure the effective and safe use of your SilencerCo Sparrow ORing Pack. Thank you for your commitment to safety and performance.
