Tight, Consistent Patterns, Less Shot Deformation

Longer parallel section than Carlson's conventional tubes gives consistent shot patterns. Extra smooth interior surface minimizes shot deformation. Laser marked constriction provides fast identification. External knurled ring extends approximately 3/4" from end of barrel for fast changes between stations. Can be used with steel shot.

Introduction

Thank you for choosing the MOBILCHOKE 12 Gauge Sporting Clays Choke Tubes. This guide provides essential safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that you are familiar with all local laws and regulations regarding the use of firearms and choke tubes.
- Always handle your firearm and choke tubes with care and respect.
- Check the choke tube for any signs of damage or wear before installation.
- Ensure that the choke tube is compatible with your firearm model before use.
- Keep choke tubes and firearms out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms.
- Do not use the choke tube if it is damaged or if it does not fit securely in the firearm.
- Ensure that the firearm is unloaded before installing or removing the choke tube.
- Avoid using steel shot unless the choke tube is specifically designed for it.
- Do not exceed the recommended constriction for your specific firearm model.
- Be aware of your surroundings and ensure that there is a safe backstop when shooting.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is completely unloaded.
- Locate the choke tube threads at the end of the barrel.
- Align the choke tube with the threads and carefully screw it into place until it is securely fastened.
- Use the external knurled ring to tighten the choke tube further if necessary.

2. Usage:

- Load the firearm according to the manufacturer's instructions.
- Always check the choke tube before each use to ensure it is tight and secure.
- After shooting, inspect the choke tube for any signs of wear or damage.
- Clean the choke tube regularly to maintain its performance and longevity.

Disposal Instructions

- Dispose of any damaged choke tubes in accordance with local regulations.
- Do not dispose of choke tubes in regular household waste.
- Contact local waste management authorities for guidance on safe disposal methods.
