

# COATED RODS - 20 CALIBER 32" 5-40F COATED ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

## Tough Nylon Can't Scratch Your Rifling

The tough nylon coating on these rods absolutely won't scratch the delicate rifling of the finest match barrel and won't peel off like many vinyl coatings do. Smooth turning, ball bearing handle. Supplied with Adapter for standard 8-32 male thread brushes and accessories (Except .17 and 20 caliber rods; they are 5-40 female). Plus, an extra-long Dewey Jag that takes a patch either wrapped-around, or over-the-end, and fits directly onto the rod's male thread. 17C and 20C series rods do not include brush adapter. Use of breech or muzzle bore guide is recommended.

## Attributes

# Safety Instruction Guide for COATED RODS 20 CALIBER 32" 540F COATED ROD

## Introduction

Thank you for choosing the COATED RODS 20 CALIBER 32" 540F COATED ROD. This product is designed for safe and effective use in cleaning your firearm. Please read this safety instruction guide carefully to ensure proper handling and maintenance of your cleaning rod.

## General Safety Guidelines

- Always use the cleaning rod in a wellventilated area.
- Ensure the firearm is unloaded before cleaning.
- Handle the cleaning rod with care to avoid injury.
- Keep the cleaning rod and its accessories out of reach of children.
- Regularly inspect the cleaning rod for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm cleaning and maintenance.

## Specific Safety Precautions for Use

- The nylon coating on the rod protects the rifling of your barrel but does not guarantee against all potential scratches. Use gently.
- Avoid using the cleaning rod with excessive force, which may damage both the rod and the firearm.
- Do not use the rod for any purpose other than cleaning; misuse may result in injury or damage.
- Ensure that the adapter is securely attached before using brushes and accessories.
- Use the provided Dewey Jag correctly by ensuring it fits snugly onto the rod's male thread.
- If using a bore guide, ensure it is compatible with your firearm to prevent misalignment.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary cleaning supplies including the COATED ROD, brushes, and patches.
- Ensure your firearm is completely unloaded and pointed in a safe direction.

### 2. Attaching the Adapter

- If using brushes or accessories, attach the adapter for standard 832 male thread brushes securely to the rod.
- Note: The 17C and 20C series rods do not include a brush adapter.

### 3. Using the Cleaning Rod

- Insert the cleaning rod into the barrel from the breech or muzzle.
- Attach the Dewey Jag to the rod's male thread if using patches.
- Clean the barrel by moving the rod back and forth gently, ensuring not to force it.

### 4. PostCleaning

- After cleaning, remove the rod and any accessories.
- Wipe down the rod with a clean cloth to remove any residue.
- Store the cleaning rod in a dry place, away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of any used patches, brushes, or accessories in accordance with local waste disposal regulations.
- The COATED ROD itself can be disposed of as general waste unless otherwise specified by local regulations.

## **Contact Information for Further Support**

For any inquiries regarding the safety and usage of the COATED RODS 20 CALIBER 32" 540F COATED ROD, please consult the manufacturer's website or customer service.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective cleaning experience with your COATED RODS 20 CALIBER 32" 540F COATED ROD. Always prioritize safety and proper handling to maintain both your equipment and your wellbeing. Thank you for your attention to these guidelines.
